Bob Womack's ECHO OF HOOFBEATS 2nd edition 1984, page 272:

'There is quite an irony in the fact that pleasure Walking Horses are beginning to make an impact on Canadian horse stock, since it was from that country that the breed received its major thrust. Without exception authorities on Walking Horses have attributed their eventual development to the Canadian Pacer. It is almost as if the Canadians are saying, "We appreciate you Americans taking care of our horse, but we are now ready to reclaim and improve upon what you have done." '

CRTWH ON-LINE AUCTION

The on-line auction was very well received and many interesting items were featured... and sold! Thank you to everyone who generously donated items, and thanks to all of you who bid on them.

Bobbie and Chloe Buck did a wonderful job of organizing and administering the auction. *Thank you!* Your hard work is very much appreciated. Quite a lot of money was raised to support our CRTWH educational programs such as The Canadian Triple Challenge. Here is one interesting item auctioned off - a set of original TWHBAA Stud Books.
