Volume IV, # 2

March - April, 1980

Hi,

Thanks to everyone who wrote or phoned with news, ads and stallion ads. This is the 4th spring stallion issue and has the greatest number of TWH studs we've ever listed. The breed is certainly growing in Western Canada.

The 'new look' the newsletter is sporting this issue is thanks to Donald Rabby, whose company printed and mailed them below cost. Thank-you!

There are all sorts of activities being planned so I'd better get on with the news. But don't forget to write and tell us your news!

Hi from North Dakota:

Well we have really not had a too bad winter. We have about 5" of snow now, but as we did not get it till Jan 4, we won't complain.

We sold a pair of fillies to Alberta Kinney of Pilot Mound in December, and hear they are getting along fine at their new home.

We still have geldings and a few fillies and colts for sale. They are all registered purebreds. We have finally had enough snow for the sleigh and now we are harness breaking the Walkers, they make excellent sleigh and buggy horses.

The only show we plan a class for this year is at Rugby on Father's day weekend, Sunday in June at the State Championship show. Anyone is welcome to show there, and papers are not required for class as they do not have to be registered. We did finally get the N.D. Horse Show Assn. to judge walkers in the regular pleasure class and judge the run walk as a trot gait replacement. So we can show our Walkers in any approved Western Pleasure Class, or English class. Well hoping for an early spring, and waiting impatiently for the new arrivals.

Bye for now: *Karen J Vesley* President - North Dakota TENNESSEE WALKER ASSN.

NEWS - NEWS - NEWS

Marlene Sams of Handsworth, Sask. wrote an interesting letter. She has several part-bred Tennessee Walkers and one purebred mare, and sold the mare's nice spring filly. She mentioned taking a part-bred to an auction where the bidding was going well until she was asked his breeding. It had been assumed that he was a Quarter Horse - and when she said he was by a Tennessee Walker sire, the bidding stopped then and there! But Marlene says, "I still love my Tenn. Walkers. They are the easiest horses I've ever handled. The man I work for, Ralph Morden, has had Walkers since 1960. He's raised a lot of good colts, mostly crossed with Standardbred and Thoroughbred mares. Now he has a stallion from Millers of N.D. - Ebony Masterpiece breeding. Ralph has 5 purebred mares and 3 fillies so he's on the way to all purebreds."

Davies, at Duffield, Alta. would like to congratulate Val Klatt of Leduc who is the new owner of the black 1979 colt (Lucky's Koko Prince x Ebony Miss Image). Davies' horses are all fat and sassy despite the long winter. Sam, the 3 year old gelding, is coming along very well, hauling a skid like a veteran. Two of the mares will have spring foals and I'm sure we'll see Laura & Sing Song at some of the shows!

Judy Rogalsky of Abbotsford, B.C. is eagerly awaiting the arrival of a new TWH, Velvet Harris Allen. They used to own Sun's Monte, a full brother to Sun's Amigo, the TWH stallion standing at her sister's farm in Aldergrove. Their Arab mare foaled in early Feb. to Sun's Amigo and the spunky sorrel colt is already showing off the gait!

Mr. & Mrs. C.A. Long of Calgary have sent their beautiful chestnut filly, Miss Stroll-O-Way (Queen's Lil Joe x Sun's Willow) to Ridgeview Acres, S.S.1 - 3 - 39, Lethbridge, to be trained by Marilyn Hudson who has just recently returned from Rick's College Horsemanship Program in the U.S.

New Walking Horse owners and enthusiasts are Debbie & Grant Oster of Lethbridge who have purchased a beautiful sorrel filly, Rex's Misty Ballade' (Queen's Lil Joe x Marilee Magic) from Ken & Ruth Hudson at Ridgeview Acres, Lethbridge.

Uphill Farm, Edson, is pleased to report that Uphill Gold Chip has been purchased by Ann Tonn of Surrey, B.C. We wish Ann and Denis lots of good times with this good colt.

Uphill Farm also has a new TWH mare, King's Taylor Maid, from Missouri. She's a dog trainer's horse with a really fast running walk. Right now she is in foal to Irvin Kiehn's stallion, Bay Bally Hoo and we hope she will have a nice bay filly by the time you read this!

Don & JoAnne McDonald are pleased to announce the sale of their bay gelding, Bit O' Sage M. (Beauty's Sage King x Little Toot Wilson) to Lynda & Vern McNabb of Pouce Coupe. "We hated to part with this outstanding horse as he was our first Walker that we bought from D.M. Stanley-Clarke. He was also the first Walker that we tried our hand at training but we feel that Lynda & Sage will go on to bigger things. We wish all the best to this team and are sure that they will continue in their winning ways."

The Lundgrens, Lethbridge, are anxiously awaiting the foaling season. They have ten mares due, all bred to Canadian Threat. "He now has many offspring on the ground - all have the easy natural walk and excellent conformation, so we are very pleased with what he's thrown."

From Donna Henry, Millarville: "A note on the mare we bought from Freda Plested of Fruitvale. She is an excellent riding horse and we are very pleased with her."

Received a long newsy letter from Marjorie Fabro, Kimberley. She writes: "We have purchased a reg. TWH broodmare from Ethna Friesen in Polson, Mont. Sugar's Fancy Star is 16, dark chestnut, 15:1 hands with a good big frame, a great disposition and produces nice, big gaited foals. She is in foal now due the end of April. She is bred to a young stud, Sound's Invasion, of Ray Howell's in Montana."

"Also our daughter, Patti, bought herself a weanling this fall, half Walker and half Quarter Horse. The filly is really growing and filling out now. Patti has had her registered in the Half Walking Horse Registry in the U.S. Her registered name is Sunset's Candy Jane; her sire is Sunset's Trouble #770042."

"Did you know that Patti and our mare, Sizzling 66 (Lady) entered the TWHBEA Versatility Program for 1979 and did very well? Sizzling 66 was high point horse for 1979, youth division, in Water Glass, Pole Bending and Trail Horse. Patti received a Pewter Belt Buckle for her efforts. I am really proud of them as they were the only team placing or entering the Versatility Program from Canada."

All of us who have Walkers in Canada are proud of you, Patti!

Well, Spring is hopefully just around the corner in the Peace River area. Although we've had a snowfall lately the temperatures have been lovely. Some horses are starting to shed, and the great expectations of foals will soon be arriving. JoAnne and myself have visited all the Walker owners and have listed their studs for service, for sale ads, purchases and just general friendly chitchat.

Phylis Abel is expecting 2 foals this July from their stud 'Dorn Zola Wonder', a purebred and a $\frac{1}{2}$ Walker.

Earl Linsley and family are not only into Walkers, but are moving into the draft family as well. Earl is kept quite busy, if not working green broke Walkers, then breaking draft teams to drive. Their stud 'Ebony Walking Eagle' will have quite a few $\frac{1}{2}$ Walker foals this spring as well as a few purebred foals.

The Bob Craigdalle farm have purchased a lovely 2 yr. old filly $\frac{1}{2}$ Walker from Don and JoAnne McDonald. Bob and Terry are also quite excited as their first foal ever, will be born in May from their reg'd mare, 'Parading Majesty', bred to 'Laddies Monte Ray. This will increase their herd to 2 grades, 2 $\frac{1}{2}$ Walkers, and 3 reg'd Walkers.

Yogi and Kay Jorgensens are having quite a time getting reg'd papers transfered into their names from purchases of last year. As of now they have 4 Morgans and 5 Walkers, 2 with papers and 3 without.
GOOD LUCK YOGI AND KAY!

Laraine and Robbie Guidry will have quite an addition to their herd as they are expecting 3 foals from their black stud 'L.H. Sur Me Big'. Laraine has some horses for sale in the Walking Horse News ads. She says give her a call or stop in for a visit, she always has time to show you her horses.

Penny Wilson is devoting her time to driving her 4 yr. old filly. Winter limits outside riding, but Penny finds a harness and a pair of skis, a wonderful way to spend a crisp, sunny afternoon.

Doug and Sherri Jones are enjoying their last years purchase 'Monteray's Copper', who is coming up a yearling.

Don and JoAnne McDonald have the largest herd of Walkers in this area. 3 studs, 1 gelding, 4 broodmares, 2-3 yr. old fillies, 2 yearling fillies and 4 expected foals. ALL REG'D WALKERS! Also they have 4 grades who they love as much as the Walkers. Stop in and say hello, coffee is always on.

As for myself, I'm itching for spring so I can get at training and showing the Walkers. It's my hobby and almost my life. I've got one mare to foal in May and then onward to my summer love, Walkers.
Lynda McNabb

There was a great response to the "Dear Readers" section and I'm sorry there isn't room to include them all in this issue. However, you will all get a turn sooner or later, and thank you for writing.

Dear Readers:

I was interested in the open letter from Rocking Walker Stud Farm at Innisfree in the last newsletter regarding the operation of a breeding program.

For anyone new to the business of standing a stallion at stud, a feeling of apprehension is natural, and even for those who have been at it for several years, there are still many questions to be answered and problems that need to be solved. Human nature being what it is, as many people as you ask, that's how many different pieces of advice you'll get. It can be a bit confusing.

May I recommend that you contact the Horse Industry Branch of Alberta Agriculture and arrange for them to present their Horse Management Course in your area. This excellent course covers in detail:

- Genetics, breeding programs, physiology of reproduction and foaling,
- Basic nutrition, including a study of the digestive system of the horse,
- Practical nutrition, including ration balancing and formulation,
- Horse health, diseases, parasites, unsoundness, lameness,
- General horse care and management.

There are many good educational films as well as study materials included.

The costs are minimal - \$10 per person or \$15 per family. This course is usually set up for a weekend, Friday evening and all day Saturday and Sunday. Twenty people would be enough for them to bring the course to you. These need not be members of a particular group or enthusiasts of any particular breed - just interested horse people. The only prerequisite for this course is a good foundation knowledge of horses.

It is really worthwhile and anyone from a "greenhorn" to seasoned horsemen could benefit.

Contact Les Burwash of the Horse Industry Branch, 2003 McKnight Blvd. N.E., Calgary, Alberta, T2E 6L2, phone (403) 276-7775. We held this course in Lloydminster last November and everyone who participated said it helped them a lot. Also, you will find the Horse Industry Branch officials, Les Burwash and Doug Milligan friendly, helpful and knowledgeable at all times.

Good luck with your course and with your Walkers!
