

WALKING HORSE NEWS

VOLUME IX, #1

JAN. - MARCH, 1985

Dear Subscribers,

It's spring again, and once more there are many activities being planned for Walking Horse owners. Both the Yellowhead and Alberta Associations have sent out letters on these, so I'll only list them briefly.

There seems to be an increasing demand for Walkers - I've had several calls and letters lately, and there is a good selection to choose from. If you own and/or breed Walking Horses, don't keep it a secret! Advertise your stock! I can't tell people about you if you haven't been in touch.

Good luck with all the new foals this spring.

Marjorie

Certified Natural Running Walk Horse, Inc.

P.O. Box 258 Junction City, OR, 97448

INTRODUCING A NEW INNOVATIVE CONCEPT, THE C.N.R.W.H., INC. A NON-PROFIT ACTIVE BUSINESS SERVICE SUPPORTING AN AGGRESSIVE MARKETING CAMPAIGN DESIGNED TO BUILD THE IMAGE AND IDENTITY AND INCREASE THE VALUE OF THE NATURAL RUNNING WALK HORSE. "CERTIFICATION" ADDS DISTINCTION AND RECOGNITION TO THOSE HORSES WHO ARE ABLE TO PERFORM A PURE RUNNING WALK GAIT. (FOUR BEAT DIAGONAL LF * RR * RF * LR)

C.N.R.W.H., INC. DOES NOT COMPETE WITH ANY EXISTING REGISTRY, NO MEMBERSHIPS, AND NO MEETINGS. HORSES SHOULD FIRST BE REGISTERED WITH THE TWB&EA, WHOA, OR THE CANADIAN WALKING HORSE ASSOC. BEFORE APPLYING FOR THEIR "CERTIFICATION" OF NATURAL RUNNING WALK GAIT. A COPY OF THE HORSE'S REGISTRATION SHOULD BE SENT WITH THE HORSE'S APPLICATION FOR "CERTIFICATION" SO THE HORSE'S REGISTERED NAME CAN BE USED. HORSES DO NOT NEED TO BE REGISTERED WITH ANY GAITED BREED ORGANIZATION TO BE ELIGIBLE FOR THEIR "CERTIFICATION" OF NATURAL RUNNING WALK GAIT.

USING A VIDEO (VHS) FILM, SHOW A MINIMUM OF 15 MINUTES PER HORSE. (MORE THAN ONE APPLICANT MAY BE ON A TAPE.) HORSES MUST BE BAREFOOT, OR NO MORE THAN THE STANDARD KEG TYPE SHOE. THE FIELD INSPECTOR IS TO BE PRESENT AT THE FILMING TO CHECK THE HORSE'S FEET AND MAKE THE PROPER NOTATION ON THE APPLICATION FORM, ADDING COMMENTS IF HE/SHE SO DESIRES. THE FIELD INSPECTOR DOES NOT HAVE TO MAKE A JUDGEMENT AS TO THE HORSE'S GAITS. THE FINAL DECISION WILL REST WITH THE HOME OFFICE BY A BOARD OF INSPECTORS. IF YOUR STATE, PROVINCE OR FOREIGN PLANTATION - PLEASURE WALKING HORSE CLUB HAS NOT DESIGNATED FIELD INSPECTORS, YOUR VETERINARY MAY SERVE AS YOUR INSPECTOR.

ANY AGE HORSE MAY APPLY FOR "CERTIFICATION" AND MAY BE SHOWN BEING LED, UNDER SADDLE, OR BAREBACK. SHOW THE HORSE DOING IT'S FLAT WALK AND RUNNING WALK FROM BOTH SIDES, FRONT AND REAR. SHOW THE HORSE (WITHOUT SADDLE OR RIDER) STANDING SHOWING BOTH SIDES, FRONT AND REAR. PICK UP EACH FOOT SHOWING WHAT IS ON THE HORSE'S FEET. ALL PHOTOS AND VHS FILM BECOMES A PERMANENT RECORD AND CAN NOT BE RETURNED. AN OPTION AVAILABLE, WOULD BE A VHS TAPE OF "CERTIFIED" HORSES THAT ARE FOR SALE, MADE FROM THE PERMANENT RECORD. ANOTHER C.N.R.W.H., INC. INOVATIVE MARKETING TOOL.

HORSES MAY BE OF ANY COLOR WITH THE EXCEPTION OF APPALOOSA, OR TOBIANO PINTO TYPE MARKINGS. SEE THE WALKALOOSA, OR THE NATIONAL (PINTO)SPOTTED SADDLE HORSE ASSOC.

"CERTIFICATION" ENCOURAGES THE REBUILDING OF THE CHARACTERISTICS THAT SET THE NATURAL RUNNING WALK HORSE APART. THE PHASE SYSTEM IS A LONG TERM PROGRAM, WITH THE PHASE NUMBERS ADVANCING AS THE GENERATIONS OF "CERTIFIED" HORSES INCREASE.

THE "STATEMENT OF COMMITMENT" CERTIFICATE HAS BEEN DESIGNED TO FRAME AND PROUDLY DISPLAY IN YOUR BARN, HOME, OFFICE, OR AT HORSE SHOWS WITH YOUR STALL DECORATIONS. THIS CERTIFICATE WILL IDENTIFY YOU (OR YOUR RANCH) AS A BREEDER, SELLER, PROMOTER, AND SUPPORTER OF THE NATURAL RUNNING WALK HORSE. THE IDENTIFICATION NUMBER ALSO SERVES AS YOUR I.D. NUMBER USED ON THE HORSES YOU HAVE "CERTIFIED". FEE \$15 UNTIL JULY 1, 1985.

PROVEN PRODUCER AWARDS ARE AVAILABLE FOR CERTIFIED NATURAL RUNNING WALK HORSE STALLIONS THAT HAVE Sired 15 OR MORE CERTIFIED NATURAL RUNNING WALK HORSES; AND FOR CERTIFIED MARES THAT HAVE PRODUCED 5 OR MORE CERTIFIED NATURAL RUNNING WALK HORSES.

PREMIER BREEDER AWARD SEALS WILL BE ATTACHED TO THE "STATEMENT OF COMMITMENT" FOR THE BREEDER (THE OWNER OF THE MARE AT TIME OF SERVICE) OF CERTIFIED NATURAL RUNNING WALK HORSES. BRONZE * SILVER * GOLDEN PREMIER BREEDER AWARDS ARE AVAILABLE

A STALLION REPORT FOR EACH STALLION MUST BE COMPLETED ON A FORM SUPPLIED BY THE C.N.R.W.H., INC. FOR 1985 FOALS - THE STALLION'S REPORT MUST BE RECEIVED BY JULY 1, 1985. WITH THE "CERTIFICATION" OF SIRE AND DAM, FOALS WOULD BE ELIGIBLE FOR ADVANCEMENT IN THE PHASE SYSTEM. IF THE SIRE OR DAM IS IN THE PROCESS OF BEING "CERTIFIED", JUST INDICATE ON THE FORM "PENDING" IN THAT CERTIFICATION NUMBER COLUMN.

SPECIFY WHICH FORMS YOU WOULD LIKE TO RECEIVE AND ENCLOSE A SELF-ADDRESSED STAMPED BUSINESS SIZED ENVELOPE WITH YOUR REQUEST.

TRAINING YOUR WALKER WITH DIANE SEPT

Question: I am not the rider in the family, but quite often I get asked to watch to see how the horses are moving. Are there any "tell-tale" signs that I can watch for so as to be helpful?

Answer: There sure are things you can watch for. This is another place where the Walker shines. He allows us many, easy to see, signs as to whether he is moving correctly or not.

All of the things I will mention to watch for are true in both the flat walk and the running walk. Some may be more prominent in one or the other gait, however.

Let's start in the rear, at the tail. If the horse is walking, whether it be the flat walk or running walk, his tail will swing from side to side. If the tail is bobbing up and down or just jiggling in place, the horse isn't walking with a swinging stride. One of the best ways to watch for this is to tie a knot in the end of the tail.

Next, let's watch the hind legs. They should move forward and back in a smooth, swinging action. An easier movement, for the unsure, to recognize is how the feet hit the ground. The foot should touch the ground flat. There should be no stubbing of the toe as it comes into contact with the ground.

As we move forward, we'll watch the shoulder. The shoulder should roll smoothly forward and pull strongly back. It should be the action of a swimmer's shoulder. There should be no up and down pounding action. This may take a bit of practice to be able to see, but you will be able to with time.

The front leg action should be much like the described shoulder movement. You want to see the leg reach way out in front. The foot should grab the ground firmly and pull (along with the shoulder) the horse's body forward. It should be almost as if the foot 'suction cups' onto the ground. Once again, there should be no stubbing of the toe into the ground. If there is ground being kicked forward from the toe as it touches the ground, the movement is incorrect.

The neck should move up and down in a definite, consistent nod. The nod should be seen to start where the neck meets the shoulder. If this movement is deep and correct, the mane will have a waving motion. You don't want to see the mane bounce in place.

There are two other indications of proper movement. Neither are a requirement. Some horses do them and some don't. If a horse is relaxed and walking along in a good cadence, his ears may "flop" back and forth and his teeth may click together in time with his nodding.

Another part of the body to watch is the eye. Try to notice if the horse's eye is calm, confused, or scared.

Try to see if the horse begins to do the above mentioned movements better or worse. Let the rider know as it happens. This gives the rider a chance to know what and when he is doing things correctly or incorrectly.

You now know how to do your job. Now it is the rider's turn to do his.

NEWS FROM OUR U.S. SUBSCRIBERS

From Ray CORUM, LOUISVILLE, KENTUCKY, "As a recent subscriber to the Walking Horse News, I wish to extend my personal appreciation and thanks to you for the wonderful job you are doing for the flat shod Walking Horse in Canada."

"After carefully reading my first issues and having sold horses to several of your subscribers, I am convinced that you Canadians are determined to keep the natural gaited horses pure and unspoiled."

"Here at Ray Corum Stables we have had a rather large breeding operation for many years - standing five outstanding old-time natural gaited stallions. We are very fortunate to have owned the last surviving son of Merry Boy, Merry Boy's F-88, for nearly twenty years."

"Merry Boy's F-88, at thirty years of age, is still in fine health and still producing top quality foals. It would be interesting to hear from the folks in your area who have Merry Boy's F-88 on their horse's pedigree. A recent photo of Merry Boy's F88 and one of his foals will be featured on the cover of the March 1985 Voice magazine."

"I will answer any letters from Canadian Walking Horse owners seeking help or information on anything relating to the natural gaited horse."

"Keep up the good work!"

Editor's note: Thanks for your kind words, Ray, and your offer of help or information. If any subscribers have questions, send them to me and I'll pass them along. Perhaps we'll be able to get a new department going here, that will be of interest to all! Also, about local stock descended from Merry Boy's F88 - there will be a lot, since Pearl Tompkins owned a son of his, Fritches Merry Boy, and sold many of his offspring to Canadian customers. You'll be pleased to note that 2 of these won 2nd & 3rd at the Produce of Dam class in the Alberta Horse Improvement Show last fall, and a granddaughter won 4th.

LESTER WEBER, REINHOLDS, PENNSYLVANIA, writes, "It is exciting to learn about all the activity in Canada in regard to the plantation Walker. The same is true in this part of the U.S. Recently a five year old mare that is doing well in the plantation show circles was sold for \$5000. This bodes well for the future of the pleasure Walker and should spur us on in the preservation, breeding and training of the natural gaited Walker."

ARLENE B. CRANDALL, WESTERLY, RHODE ISLAND, sent me a lot of interesting information on the first annual, world-wide club directory for the Plantation Walker. The deadline for inclusion in this directory is June 15. If you would like further information, please send a stamped (U.S. stamps) self-addressed, business size envelope to Arlene at R.D. 3, Pound Rd, Westerly, R.I. 02891 U.S.A.

Arlene writes, "I am indeed pleased that the people of Canada are promoting the plain shod pleasure Walker. I do hope and wish you the best of luck for your real worthy adventure. I have been battling my head against a stone wall for years and I just now see the cement slightly cracking! Christine Holt with The Walking Way has been the only salvation of the pleasure Walker. Either a newspaper went out of business or the magazines weren't interested to hear about the pleasure Walker. This is beginning to change, but - since the average person doesn't know a natural Walker when they see one - we are still in a lot of trouble! But we are still trying."

"Hope to get a movie soon; maybe tapes later; to sell or rent. People just don't know what they see and certainly don't know how to ride their natural Walkers - Oh my!"

I am hoping sometime this year to have a clinic on the Plantation Walker for 4-H kids and interested people. Also two Fun Shows, May 5 & Oct. 27 for horses, ponies, donkeys & mules. Do you have a Plantation Walker Registry in Canada? If not, please do so! Keep up the good work - the Plantation Walker is worth it."

"Hi. Well, spring has arrived with gusty (to put it mildly!) winds. Part of our barn roof blew off and if the winds don't die down I anticipate more of our roofing will be airbourne."

**** "There isn't much news here yet. We are putting on a clinic at Dawson Creek at the fairgrounds on June 1 & 2, 1985. Lane Curry from Washington is our instructor. Fees for the clinic are \$40 per family with horse; \$20 per family without horse. If you require further information or entry forms, please call Sherrie Jones at 1(604)786-5357 or Jo-Anne McDonald at 1(604) 782-7962. ****

"LEN BOYER of FORT ST. JOHN phoned the other night to report a sorrel stud colt out of Monteray Jewel by Spit Fire's Country Bo. This is the first reported foal in this area for 1985."

"JAYNE WALKER is interested in any up-coming trail rides for this year, preferably within a reasonable distance of Dawson Creek. If you know of any, Jayne would appreciate hearing about them at 917 - 102 Ave., DAWSON CREEK, B.C. V1G 2B5 Ph.1(604)782-5848"

SHERI STOBE, SOUTH GILLIES, ONT. writes, "I purchased my first Walker two years ago when my doctor informed me I could no longer ride due to a back injury. The 'trotting' was too jarring. He laughed when I asked if I could ride a horse that didn't trot, but agreed. The next month I went riding at Raili Tenkula's in Nolalu for two hours. No Pain! I got off and bought my first Walker - a great grandson of 'Midnight Sun'. The next year my 13 year old daughter, Tanya, tried a Walker, and we were sold again. We bought a little buckskin filly. We are so pleased with the temperament and everything else about the Walkers. We advertize everywhere about them. Tanya has broken my two year old stallion this year with less trouble than her Arabian filly caused. Thank you for your magazine. We will be life-long members."

From MRS. A.R. PATTERSON, CAWSTON, B.C. "Looks like we are going to have spring! It's been a very long, hard winter for this part of the country. Our 'K Mt.' Riding Club is doing a lot of new things this year. I take part in a few of the events in the Play-days. The jumping they do in the English classes I just watch, but I really enjoy the trail rides. I've tried to keep riding a bit every day all winter too. Our horses are shedding like crazy now. Oh yes - my nannies are having their new babies. One had two lovely, long-eared spotted boys and one long-eared girl. The others are due tomorrow and Sunday. But no baby horses this spring. Maybe next year if I can find a 14 to 14:1 hh stud, sorta close to Cawston."

I talked to DEBBI VADER, NITON JUNCTION, the other day. She reports the sale of Shadow's Blond Boy (Shadow's Big Red x Radar's Princess) to Windi Scott of Winterburn. Debby is planning to attend a three day training clinic at the MacKay Arena with her coming three year old, Beau's Rainbeau. This is a practical, hands-on clinic on training the young horse.

ROSEMARY JORDAN of Jordan Valley Farm, LEDUC, AB wrote to say there's been a bit of a delay in bringing Answer to Prayer (The Good News x Prayer of a Promise) to Alberta, so she was unable to feature him in the Stallion issue of the newsletter. However, he should be here soon. Rosemary goes on to say, "I have just been having a ball this winter with my 'girls'. Charity is neck reining and side passing and loping. (I started her.) And my Dixie Girl (Dixie's Guinivere) - I'm riding her and she's coming real good. Oh, what a girl she's going to be! I can't help it - I get about a foot off the ground when I start talking about her. I know spring has sprung. Tasha, our dog, had ten little Kuvasz puppies. (I survived). My two nannies had three kids each. Now I'm waiting for Sasha. She's due the end of April, bred to Delight's Shadow Man. That's all the news right now. A big 'HI' to everybody in the Walking Horse world. May your pastures be green and your spring never run dry."

SASKATCHEWAN NEWS

From IRVIN KIEHN, JANSEN, "How are you people surviving this cold, long winter? We are fine - still have lots of feed and plenty of time to do nothing. I am breaking some to saddle as the weather permits."

"I sold a couple of palominos here the last month. I had a lot of enquiries on my reg. Walking gelding. It looks like the market is improving. We have a new Walking Horse owner at Pleasantdale, Sask. Mrs. D. Stewart bought Keen's Golden Sun, a beautiful yellow gelding with blaze & stockings. We wish her lots of luck."

"We are expecting five new foals this summer. The horses have come through the major part of the winter in good condition. We've got lots of snow, and like everyone else, are looking forward to an early spring."

LEXIE COLE, CABRI, writes, "Sure has been a long winter, hasn't it? We fed (and are still feeding) some very expensive hay this year - \$144 ton. We'll be glad to see some green grass again. I don't think we've ever been so short of feed before. Hope it doesn't happen again."

"While at the rodeo in Edmonton in Nov. I did manage to find time to visit some of the people around Edmonton, which was really nice. Thank you to Dave & Joan Arychuk and Dawn Hueppelheuser for giving up a day of their time and driving me around. I really appreciated it!"

"We have our first foal of the year. He was born on Feb. 17, a black colt with 4 socks, star & snip, out of Sensational Lover by The Good News. He may need ear muffs before the winter is through, but for the time being he's hale and hearty, and just a'walkin and shaking his head. He really shows up against the snow banks!"

"People seem to be thinking about horses early this year. I've had quite a few inquiries which is unusual for this early (Feb. 26). Usually we don't hear much until the end of March/ first part of April. However, we've sold five horses in the past two weeks. Not all have been TWH, I'm sorry to say; two have been Quarter Horses. I'm trying to get rid of all our QH and concentrate strictly on the TWH. I'd like to thank the following people for selecting our horses: Charlie Sutcliffe of Reston, Man. purchased Thunder's Micah, a weanling colt, from us lastfall as a stallion prospect. John Unrau of Hamiota, Man. purchased Tracey's Thumbelina, a yearling filly, and is leasing her dam from us with the option to buy. Lastly, thank you to Joan Arychuk of Viking, Alta. for purchasing Ease On By, a black 3 yr old filly. Lots of luck with your horses, folks."

MARLENE SAMS, STOUGHTON, wrote to say she enjoyed her visit to Alberta in January. "The only problem is I see these nice colts at Jack's (Chapman's) and I can't take any home! I am really surprised. I'm feeding oats and wheat straw, along with one (50?) lb bale of hay a day to ten horses and they are in good shape. (So far)."

"I had a letter from Mr. Gardner. He got just about to the South Dakota line. He had nasty weather, but was prepared for that. But the horses' feet just wore out. They'd been used all summer too & he just had to change shoes too often."

Welcome to new Saskatchewan subscribers, Robert Gilbert of Eastend and Garry and Marion Stovin of Whitewood.

The Stovins write, "We are new owners of two Tennessee Walking Horses from Lexie Cole. (Radjl's Gypsy and Radjl's Kitty - both black roan mares). We only intended to buy one but after our first purchase had to get another!"

ALBERTA NEWS

MAVIS & WALT GLOVER, LETHBRIDGE, write, "Pleased to hear everyone in the horse world seems to be doing okay. We wish everyone lots of luck with their expected 1985 babies. We are only expecting two this year but the way things are going we will probably have to slow down and thin things out a little. 12 horses seem a little too much to ride between the two of us - and work full time too! It's hard when it seems to take so long to get started - we should have done it years ago when the children were smaller, and given ourselves more time. To watch the horses be born, and grow up to what you've waited for, makes it even harder to part with them." The Glovers have been even busier with a wedding in the family before Christmas, and their daughter, Kim, spending 3 weeks in Calgary hospital for another spine fusion. We all wish you a complete and speedy recovery, Kim.

At UPHILL FARM, EDSON, we are very pleased to congratulate Arne & Karen Johansson of Edson on their purchase of Uphill Redwing (Mack's Shadow x Canadian Rainbow). Arne looked at a lot of Quarter Horses and others over the past year and a half, but we're really happy he came back for another look at the Walkers! With Basil Manary's time and experience in training horses, the Johansson's now have a well started young pleasure horse. We wish you the best of luck with Redwing.

"Just a note from the YOUNGS at the WALKING Y, CASLAN. All our horses came through another long winter except for our oldest mare, Beauty, who we first thought broke her leg but now think just dislocated it near the shoulder. Her future is still uncertain, but as long as she keeps holding her own and not failing, we will try to keep her as a brood mare."

"As you read this we should have our newest Walker home. We purchased a weanling palomino stallion from Susan Breed in Granbury, Texas, just before Christmas. Due to the cold weather we've been boarding him at 'Rocking Walkers' at Nisku. 'Ghost Buster' is our hope for starting a 'Golden' line of pleasure Walkers. He has Midnight Sun and Merry Go Boy on his father's side, who is The Gold Rush Is On, a stallion owned by Mary Ellen Areaux of Walkers West in Dallas, Texas. On his mother's side he has Sun's Delight and Rodger's Perfection along with natural walking ability and a great disposition."

"Our invitation is open to anyone travelling to our area to stop in. We are listed in the Boyle Directory."

MANITOBA NEWS by Darlene Harder

"Darlene Harder attended the Annual Meeting of the Manitoba American Saddlebred Association as a guest in mid-February. The Saddlebred people are most interested in combining with the Tennessee Walking Horse people to produce a Gaited Horse Show. Tentative dates would be in July, 1986. It is something Darlene is very excited about; also very enthusiastic. More information will be forwarded as plans progress."

"Darlene also reports that Streaker's Princess, their four year old mare purchased from Bonnie Brown, Endeavour, Sask. is progressing beautifully in her training. She has a terrific running walk and shows a great deal of collection on only her fourth ride."

"Darlene & Menno Harder, Boissevain, would also like to say that the three year old gelding, Bee Honor's Sunny Dream, that was purchased in 1984, is making his new owner, Janet Isfeld of Elkhorn, very proud and happy. Sunny is going to be a whopping 17 hands! He is also going to learn to draw logs home for their woodstove."

"Congratulations to Walking Horse News on producing a mini Stallion Directory for Walkers in Canada. It should be great!"

BRITISH COLUMBIA NEWS

LAURIE SHARP of QUESNEL writes, "In 1983 we spent 3 weeks at Lane Curry's in Maple Valley, Washington, where I had my 3 yr old (2 then) stallion, B.B. in training. We returned to take first place in the Walking Horse pleasure class, at the Prince George Fall Fair. Last week (Sept. 3/84) at the 1st Annual Quesnel Fall Fair, we again placed first. Also there, Sherrie took the red ribbon in showmanship with her filly, Maiden, against eleven horses of various other breeds. Sheldon collected a 6th in leadline on Maiden, Sherrie a 5th on Maiden in the Walker class and Steven a 6th in the same class on Betty Motherwell's Midnight Star F.F. Betty placed 4th on Pride's Bay Gem, in the Walker class, Cindy Botkin 3rd, and Sandra Karl 2nd I also entered B.B. in non-Walker classes which produced a 3rd in 'Basic Seat', along with a lot of complaining that I didn't have to post. My answer to that was that they too could own a Tennessee Walker. All in all, it was a good show with the Walking Horse well represented."

"Next weekend (Sept. 16/84) we will have B.B. in the Prince George Stallion Parade. Other than that, not much left for this year. Again, it's our short season up here that holds us back. As Lane Curry told me, we should be pleased with the high quality, fine Walking Horses that we have in this area."

"I support my habit (spending money on Walking Horses) by working in a plywood plant, and am also a Wy-Lee horse trailer consultant. Sherrie does not hold a job but with the two boys and the horses, I certainly can't say she doesn't work! Now that I have caught up on the past 4 years, we will look forward to receiving our subscription and contributing to the News when we can."

SHEILA COBURN, PRINCE GEORGE, says, "Was sure nice to receive the newsletter. We really missed it. Kirk is now a licenced Tennessee Walking Horse judge (forgot to mention that in my last letter.) Other than that, nothing spectacular has been happening. Horses have all wintered well - fat & sassy. We have already had a few people drop in. Sure hope the trend keeps up as the weather gets better; we have two for sale!"

FROM DENNIS HOVEY, ENDERBY, "It has been a couple of years since I have written to your newsletter. A lot has happened since that time."

"During the summer of '83, my wife, Rose, and I spent many long riding hours conditioning our two Walker mares for competitive trail riding. In August of '83 we competed in a 30 mile trail ride sanctioned by the B.C.C.T.R I took 2nd with my mare and my nephew came in 5th on my wife's mare. There were approximately 40 riders; 8 in the heavyweight division that we were in. I was the heaviest rider, weighing in at 265 lbs with gear. In October of that same year the final competition for the year was held in rough mount - ain country north of Vernon. I was the 5th rider out of the starting gate, and one mile out I proceeded to lose the trail. After finding my way back to where I went astray, I had 40-odd riders ahead of me and six more miles of riding under my belt than I should have had. I completed the ride in six hours, not including a one hour stop for lunch. Even though my mare covered an extra six miles, I took 5th place in my division. It was Rose's first ride in competition and she took second in the novice division."

"Last year both mares were raising foals so we didn't ride competitively. Their two fillies are now for sale and I would like to advertise them in your newsletter."

ALBERTA WALKING HORSE ASSOCIATION FUTURITY by Dianne Little

Work is progressing well on the Canadian Tennessee Walking Horse Futurity. All information will be in the hands of breeders by March 31.

The AWHF Futurity committee is excited about the Red Deer location and the co-ordination with the Horse Improvement Program. We know there are some excellent Walking Horses bred in Canada and we look forward to seeing them in the Futurity.

If we have missed any of the Walking Horse News subscribers in our mail-out, we would be happy to send them a brochure if they will contact us at:
