WALKING HORSE NEWS

Volume XVI, #6

Nov/Dec., 1992

Dear Subscribers,

Here it's the last issue of 1992 and we're looking at our 17th year of publication. Since I began WHN in 1977, there has been an enormous increase in the TWH population across Canada, and nearly every area now has interested individuals or groups promoting the breed. Canadians are riding Walkers in competitive and endurance rides, using them on farms and ranches, packing them in the mountains, following bird dogs with them and riding them in shows. A Canadian born and bred TWH even won a World Grand Championship at the Celebration this year. Congratulations to everyone out there who has been doing their bit to show what good, useable horses these Walkers are! Let's hear from you all.

A very Merry Christmas to everyone.

On behalf of Snowbird Stables,  
we'd like to thank all the mare owners that bred to Midnight Toddy  
in 1992. The response was overwhelming.  
We wish you all the Best of Luck with your new foals.

*Merry Christmas and a Very Good New Year

# Public Service announcement

The Alberta Society for the Prevention of Cruelty  
to Animals is a provincially incorporated nonprofit  
organization dedicated to the welfare of animals.

Please Announce Between Now and February 1, 1993

Attention: all animal lovers! The Alberta S.P.C.A. is seeking your help in finding that special person who has made an outstanding contribution to the well-being of animals in our province. Nominations are now open for the 1993 Zeke Young Memorial Award, to be given at the Alberta S.P.C.A. Awards Luncheon in March. Nominations are also being sought for "Farmer of the Year", "Veterinarian of the Year", and "Teacher of the Year" awards for those who have made animal welfare a priority in their profession. For further information and nomination forms, call the Alberta S.P.C.A. at 471-2020.

## CANADIAN NATIONAL COMPETITIVE TRAIL RIDE

by Erika Peters

Erika (left) & "Champ" scored 298 points

The National Competitive Trail Ride held near Kamloops on August 28 and 29 was a beautiful ride, with all possible terrain variation. 42 1/2 miles in length, at a speed of seven miles per hour, it was quite a challenge.

Most provinces were represented and lots of different horse breeds, from Mustangs to Paso Finos, Standardbreds, Thoroughbreds, Quarter Horses, Peruvian Pasos, Arabs, Welsh Ponies and two Tennessee Walkers!

I entered Champ in the intermediate division, 42 1/2 miles on Saturday, and the 23 1/2 miles on Sunday as adult sponsor for my eight year old daughter, Jennifer. This last was not part of the competition but Champ had to pass all the vet checks in order to finish the ride with Jennifer.

Friday's pre-vet exam was disappointing when the veterinarian thought Champ was lame or had a sore back. None of the three vets were able to confirm either soreness or lameness but they were sure that there was something not just right! I started to worry too

and was ready to pull him out of the competition. Our team coach, Bill, urged me to start and then see at the first vet check how things were. According to Bill and Garry Janni, Champ would start out in a strong trot but when circled would fall into a run-walk or a pace, nodding his head inconsistently. It really looked like he could be lame. I appreciated the veterinarians' concerns and started out very carefully.

We came to the first vet check and the veterinarian commented on how nice and loose Champ was moving now - he must have been stiff the day before! We passed the second and third vet checks and finished in very good spirits and condition with no signs of lameness or sore back. But, we were 11 minutes late. We'd stopped too many times to take pictures, but it was worth it!

At the Sunday morning vet check, Champ trotted out and back, to the vet's delight. We rode the 23 1/2 miles and he felt like he'd never done the 42 1/2 miler the day before. Champ's score on the second day was 298 points out of 300. Was there really something wrong on Friday? ? We don't think so, but 15 points were still taken off his score card. There was nothing else wrong with him and we placed third over all. Champ's behaviour, attitude, and overall performance were, like always, superb. He truly honoured his name; he is a Champion.

Betty Ann Janni and Tera (Monteray Msterpiece) were one of the few pairs who finished the two day 85 mile ride. 36 riders started the ride and 13 finished. Betty Ann and Tera placed fourth over all in good condition. A Masterpiece performance, Congratulations!

Thank you very much to the Tennessee Walking Horse Association of Canada for donating the lovely trophy.

## CANADIAN NATIONAL COMPETITIVE TRAIL RIDE CHAMPIONSHIP

by BettyAnn Janni

The highlight of our summer was the Canadian National Competitive Trail Ride Championships held in Kamloops, BC, the weekend of August 29th. It was quite the ride. There were over 100 horses there. The Open & Team division was a 2-day ride of 42 miles each day. Teams consisted of three horse & rider combinations. Being the host province, BC had two teams. Alberta, Ontario, and Saskatchewan were the only other provinces to each have a team. However, there were people there from Manitoba entered in the Open division. Team members were automatically cross-entered into the Open division. Out of 34 horses entered in the Open/Team division only 12 horses finished the ride. Tera (Monteray Msterpiece) and I placed 4th in the Open light-weight division! The course was very fast and tough. For each day, we had six hours actual ride time which worked out to an average of 7 mph. At the P&R/vet checks, horses were being pulled due to pulled muscles & tendons, (lameness), and exhaustion. The three horses that beat us were top endurance riders in Canada. Team Ontario won the team division. Horses were pulled in both of the BC teams therefore eliminating BC. Tera beat ALL the Team BC horses in her division! As it turned out, I rode practically the whole ride with three other people: a fellow from BC, who placed 3rd in the Open heavy-weight division; and two ladies from Alberta, one of whom placed 2nd in my division.

It was quite an emotional finish: three of us rode abreast across the finish line with Tera in the middle, and after 84 miles I still had to hold her in! She vetted out completely sound and still looked fresh; you can imagine how proud we were! I have to tell you - there were quite a few people there (including the head Vet), who thought she, a Tennessee Walker, would never make it. That the breed couldn't handle the fast pace for the higher levels of the sport. After she did so well, she sure

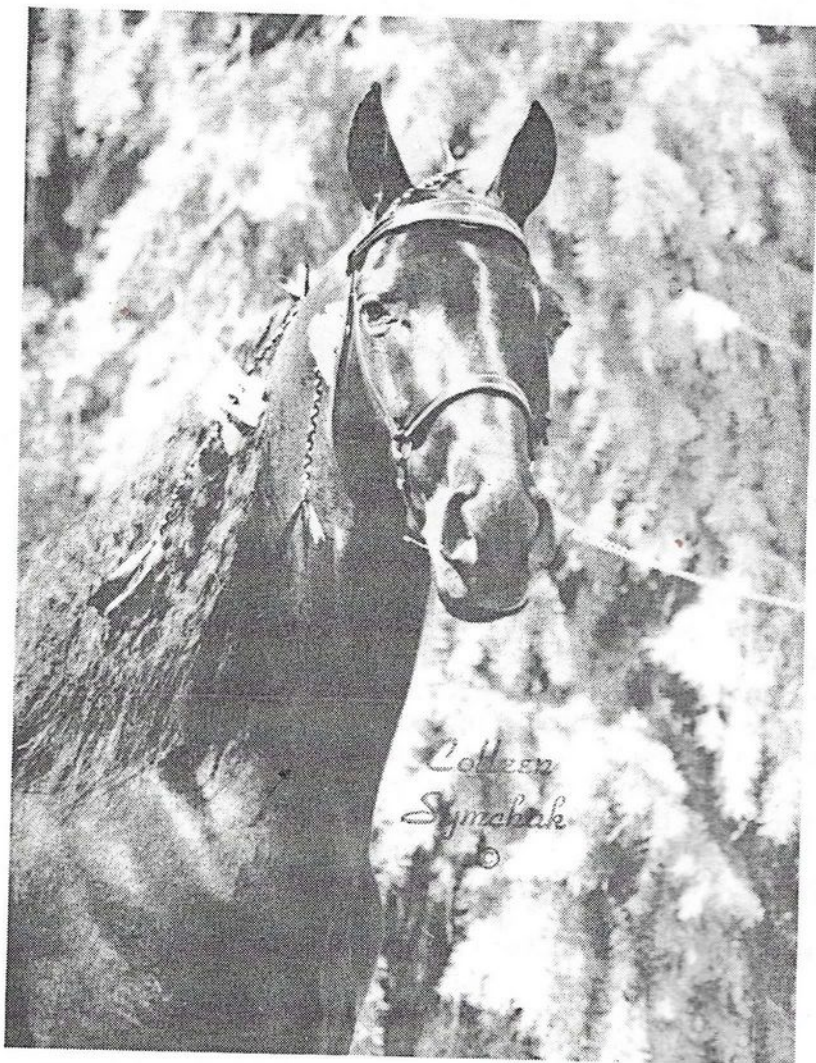

"Tera" (centre) crossing the finish line

gained a lot of respect. It felt great to prove them wrong! Out on the trail, her gait kept up with the others in their extended trot, she cantered comfortably for miles, and where the going was hard which called for a walk, she pulled away. There were times when we set the pace. I'll never forget it. The people I rode with told me to try endurance riding with her, they said she could do a 50-miler no sweat!! Also, they said the pace we had to maintain was no faster than an endurance ride. That was interesting. It was great talking with them about endurance riding, they dispelled all the bad impressions I had of endurance riding.

Erika Peters did very well on Champ in the Intermediate division which was a one-day ride of 42 miles. The next day, Erika and Champ rode with her daughter Jennifer on Prince, for the novice ride (22 miles). Jennifer and Prince also did very well!

I'd like to thank the Canadian Registry of the Tennessee Walking Horse, for donating the plaque for the Best Performance Tennessee Walking Horse at the Canadian National Competitive Trail Ride Championship. It's great to have your support and recognition for Walking Horses in this sport. I am very proud to have won it. Thank you.

## BRITISH COLUMBIA NEWS

GARY & BETTY ANN JANNI of TRAIL, sent along a gift subscription for Bruce Winter of Oliver. Bruce and his wife, Sandy, are the proud new owners of Royal Bay Quest, a five year old bay mare by Canadian Crown Royal out of Dancer's Sun Dance.

From JOYCE PATTERSON, CAWSTON, "All in all, summer's over and I didn't get much riding in, as I hit a lot of bad luck. In March the two 2 yr olds were sent out for training as I'd taken three heart seizures. Then Traveler, my 4 yr old Walker, fractured his pelvis and hurt his back. After 2 1/2 months of rest he still wasn't good so he went to a friend to keep her old horse company. He's useable about twice a week. I finally sold the two 2 yr olds and got a small quiet pinto pony (not a gaited horse but very quiet)."

"The Walker I have now is not happy about wind or going by herself, so I only ride when I can ride with someone else. Oh well, maybe next year I'll find one or two really quiet, 14 hand, pony type singlefooters. In the meantime, I'll concentrate on selling the 7 yr old mare and the 20 month old fillies. I'll keep the pinto for a few months; he goes well even in the wind and I tether him by his foot. Excellent trail horse."

"Erika Peters did very well, showing her big mare and competing in endurance rides with Champ. Her children are doing well also with the Walkers and the big grey Welsh pony."

"I had three lovely days of holiday at Minty's Guest Ranch at Apex. The weather and fall colours were perfect."

"I wish everyone a Merry Christmas and a lot better New Year. Happy Trails from Joyce and Ponies."

DEBRA JACK, CAITHNESS CROFT, ARMSTRONG, wrote with an up-date on their activities. Congratulations to them on their fine showing at the Celebration with Tsuniah's Sunday and Carolina Delight, both of which won World Championships in their divisions. Debra promised to send a story about their

Tennessee adventure for a future issue. She also says, "This fall we sold Gold Dance (Diggers) to Pat and Myrna Clarke of Calgary. Myrna tells us that they love Diggers and are enjoying their first Walking Horse very much. We understand that Myrna hopes to do some jumping, so she and Diggers should bond very well, as he really likes to jump and has some natural ability to do so. Would you please send Myrna and Pat a subscription to the Walking Horse News, with our thanks."

## MANITOBA NEWS

IRENE THOMAS, HAMIOTA, wrote to say that her husband's health is improving but that it will still be a year or more before he can work again. She goes on to say, "So, much to our regret we are forced to sell all our Tennessee Walkers. I guess down in my heart I'm hoping they don't sell, but I know we can't keep them as I cannot handle all the work by myself."

"We have two black 2 yr old fillies, a black chestnut gelding, 2 roan yearling fillies, an 8 yr old red chestnut broodmare and a blue stallion with 4 stockings and a white face. We also have a pinto 3 yr old with pinto filly at foot and then we have Ann's Glory, the smoothest Walker I've ever ridden. She's 20 but acts like a two year old under saddle. We have an assortment of saddles, bridles, britching harness, collars, etc. for sale too."

"I'm sorry we did not keep in touch but when your family and loved ones are sick you don't think straight." ...cont'd>

Manitoba News cont'd ...

KEITH DOLL, DOUGLAS, sent along an interesting package of information from their All Breed Show as well as the magazine Horse Country, which carried a write-up on the Challenge Class at that show. Keith writes, "Our All Breed Show in July was a great success. Our horse numbers were up by 50 percent. I don't know if it could be attributed to the new Challenge Class or not. The Challenge Class itself, even with only five entries, was a great crowd pleaser."

"We had ten Walkers at the All Breed Show. Paula Winske brought her stallion, Zepher's Zepher, up from New Rockford, N.D. Unfortunately, somewhere on the trip he injured his hip, which greatly hindered his performance. Our performance classes were small. Darlene Moore and Paula Winske were the only ones in the saddle classes. Darlene and her stallion, Majestic Streaker, were winners in both the two gaited and water glass classes. Darlene's 4 yr old mare was the only harness entry. Darlene has Fantasia driving beautifully now and they did a great demonstration. Darlene's Majestic Streaker was Champion Stallion and Champion of the Breed. My mare, Dakota Dusty Doll (Dakota Midnight x M.C.'s Baldie) was Champion Mare and Reserve Breed Champion. I have very absentmindedly misplaced the show results but everybody had a good time and we Walker people had our traditional Saturday night supper get-together."

I've enclosed copies of the reg. papers of the five fillies Bea and I showed. Prairie Blue Belle (Caribou's Spit Fire x M.C.'s Baldie) has the identical face markings as Shadow's Laddie, who was on the July/Aug. cover. I'm wondering if there's any relationship through Laddie's Monte Ray. Any idea of the pedigree of Shadow's Laddie? (Note: there probably is some relationship since Shadow's Laddie and M.C.'s Baldie were both bred by Chapmans at Stettler.)

"I sold my little 4 yr old gelding, Caribou Kimbrook, in the spring. I had him driving just great. A young man bought him and drove him at a few country

fairs. Darlene showed against him and said Kim was showing really nicely."

"I've done a bit of training on Dusty Doll, the three yr old and Phantom of the Opera (Majestic Streaker x M.C.'s Baldie), the 2 yr old. I've been mainly riding bareback around familiar scenery. They're both at that stage where they are stretching out in a fast walk or slow run-walk. I like the contact with bareback. They seem to like it too, as they really respond to the legs. I think the position balances them better and also my 190 lbs might be sufficient weight for them without the saddle's weight. Somebody is going to have to add a few more hours on to my day as there are three more yearlings to start next year!"

#### ONTARIO NEWS

Welcome to new subscriber, NADINE LANG of LAKESIDE, ONTARIO.  
We'd love to hear from you.

From MARILYN FARIS, WATFORD, "I'm writing on behalf of the Ontario Tennessee Walking Horse Club, in hopes that we could convince you to send us some issues of the Walking Horse News to pass out at the Royal Winter Fair to be held November 10 to 22 in Toronto."

"For the second year, the Walking Horse Association of Michigan and the Ontario TWH Club have joined forces to put on a three day demonstration and information booth at the Royal. It is a very big event in the agricultural industry and excellent exposure for our breed."

"The Walking Horses will be there from November 10 to 13 and will be the feature breed of the day on the 13th. This involves four 30 minute spots, showing and speaking about the Walkers."

[Well, we certainly did send a box of magazines to Marilyn and we hope the demonstrations were a great success. Please send a report and pictures if you can. We'd love to hear about it.]

## CENTRAL ALBERTA TENNESSEE WALKERS - FALL RIDE

by Dawn Sigurdson

Don leading us thru' the cut-lines

On September 11, Mary Henderson, President of C.A.T.W., sponsored the fall ride along the Red Deer River. Eighteen people, fourteen riders and four lead line contenders, converged Friday night on the prettiest and most private campground in Central Alberta.

Dusk was already settling on twelve horses as we scrambled to saddle and get in the first ride of the weekend. (You must appreciate that this could be the keenest group of riders in Alberta!) We rode until we could not see the trail any longer and then headed back to party around a bonfire and roast the wieners provided by Mary and Don.

The rest of the weekend weather was pretty awful, yet that did not stop us. We armed ourselves with raincoats and winter coats, warm hats and winter gloves, and the mutual unspoken agreement to make this last ride the best ride of the season. Enthusiasts were Marlene and Bob Fairbrother; Dixie and Dan Verstraete with Jackie, Kris, Amanda and friend, Gina; Dawn, Chelsah and Daylan Sigurdson; Linda and Darryl Hand with their

family, Nicole, Michelle and Kyle; and Mary and Don Henderson.

As the weather got colder the men wrapped the tarps further around the fire pit. Still we rode several times a day. We rode along the Red Deer River (some crossed it), up along hills and through the trees where the leaves were turning in brilliant displays of colour.

CATW's unwritten philosophy is "The more horses and riders, the better." It's a "You all come and be welcome together" atmosphere. We love our Walking Horses but more important, we are a "people" club. We want to attract new members and, to make all members welcome, we also welcome "Old Faithful" of any other breed. We then let the conversion from other breeds over to Walking Horses take its natural course.

The September ride was a terrific way for CATW to wind up our year. Though the weather was questionable, the ride was a wonderful mix of people keen to be on their horses and seeing the countryside, and horses that were suitable to the task of carrying their riders safely over a variety of terrain. This winning combination keeps us coming on rides time after time again.

## ALBERTA NEWS

From RUSS & ROSE DAVIES, DUFFIELD, "Find enclosed money for a subscription for Darrel Roth of Darwell. He bought Foxy Lady, Foxy Dolly, Ides of March and Tumbleweed Dan from us. We have imported two full sisters, a yearling and a three year old, from Dan and Emily Aadland, Absarokee, Montana. They are both white (to match Pride). The three year old is Absarokee Snow White and the yearling is Absarokee Sne Veit (which is "Snow White" in Norwegian). If they were geldings we would probably call them Ole and Sven! But I think they will be Bonny and Bell."

"Got most of the fall work done so we went down to Sand Point, Idaho, to the International Draft Horse Show. It was great. 160 horses of all the draft breeds and 80 mules. All driving classes. The weather was good too except on the way home we hit lots of snow near Caroline. Here at home we had none!"

MONTY GWYNNE, FLYIN G RANCH, PRIDDIS, writes, "Just a quick bit of news. We had a filly out of Gold Coin Proof by Ebony's Beta Max this summer. Very nice."

"And our own second two legged baby is due on January 9, so I've slowed down quite a bit this winter! Merry Christmas to all from Monty, Carl and Jessie Gwynne."

From ARIANNE BAKER, MISTY RIVER RANCHES, MEDICINE HAT, "A short note to say "Thanks" to Dianne Little for making our crew feel welcome and for all of her lovely compliments at the Futurity. Heaven knows, we certainly didn't have much time for training and grooming, or

much for equipment."

"We were sure tickled with the third in Horse Improvement for our first time showing in that show. We went to learn and gain experience and placing third was a pleasant surprise. We met some new people and saw some old friends and it made the twelve hour trip worth while."

"It is with great sorrow that we lost our grand mare, Story's Blue Mist, on November 4, due to foaling complications. It was a week to the day after we'd lost her colt. She is deeply missed here and she will always be remembered and loved."

BILL ADAMS, FOX CREEK, writes, "My family and I would like to send our thanks and appreciation to the A.W.H.A. and the people involved in the annual Futurity show. The help volunteered by everyone we talked to impressed us very much. Never once did anyone we talked to fail to take time to explain or show us what we needed to know. As first time horse show-ers, we appreciated these actions and words very much."

"Special thanks to the Goins for providing us with an excellent horse, Miss Sassy, to initiate us into the breed."

"Also, a belated thanks to everyone we talked to and to those who took time to show us their horses in our search for ours. Thank you to people such as Lexie Cole, Stu Pritchard, Ron Bannister, Jean Rempel, and Don & Jo-Anne McDonald, to mention a few."

From DAWN SIGURDSON, "We have moved and our new address is R.R.1, Blackfalds, AB TOM OJO. We were in our new house as of July 1 and have spent most of the summer fighting weeds, picking roots and rocks and watering dirt - I know there is something under it worth watering!"

"David and I spent two fantastic extended weekends camping with Dixie and Dan Verstraete, horses and kids, riding all along the Red Deer River for miles. Please note, in big letters to encourage all those who are still waiting, - after eight years I now have a CONVERTED HORSE HUSBAND. The trick is to sell him on the utility of the horse so he can view the scenery and then give him a good horse to

ride. We rode 18 miles one night and David loved it."

"Years ago when we started breeding Walkers we focused on old bloodlines. We had a racky Mack K. mare that we bred to Midnight Sun Shadow by Midnight Sun and the result was Inver Brass who was strong gaited at birth. We sold her to Ron Sargant, Ardrossan, who bred her to Moore Black Dust by Black Dust MR by Merry Boy. The resulting three year old is not only beautifully bred but is beautifully gaited too, and after much persuasion, Ron agreed to sell him to us. We were short of horses on our last camping trip and decided to take Dust even though he wasn't started. Dixie, riding her stallion, Lucky's Koko Prince, led us around the first night. The next day Dust acted like he'd been ridden for months."

"At the same time as we bought Dust, we bought a weanling whose sire is Midnite Tin Drum, also by Midnight Sun Shadow. His dam is an Ebony Masterpiece granddaughter. According to Eldon Eadie's July/August article, this baby is a "six" for he only walks and canters. Now I know this baby is solid gaited not just from confirmation through Eldon's article but because of his mama."

"We weaned him from his Ardrossan mum at three months. When we introduced him to our horses, my mare immediately cleaned up Friday's Joint Ventur's attitude and adopted the baby on the spot. He is now her baby, right down to the nursing - a rather discouraging pastime. If that baby were not solidly gaited he'd have his tail up and be trotting along after his new mum - she's a Saddlebred."

"I am entertaining the idea of taking a riding course in the States. I have contacted a couple of places looking for honest opinions on the courses as well as sending for information on them. I am interested in show skills - riding the Walker to get the most out of him. Does anyone have any info or advice they could pass along, that might help me avoid what could be a costly mistake?" [You can write Dawn at the address above.]

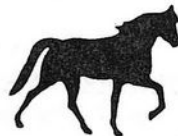

At UPHILL FARM, EDSON, we are happy to announce that Uphill Firefly (He'za

Walker x Lady's Merry Mist) has returned home. We purchased her from Grant & Carol Kihn of Slave Lake who bought her from us when she was five months old. Grant raised her and broke her to ride. She is a very gentle and sensible saddle horse as well as a proven broodmare with three nice fillies to her credit, two of which the Kihns still own.

DAWNA EGER, CALGARY, writes, "I had a great year with my Walker. I own Laddie's Fancy Baby (Buttons for short). She is a lovely red roan (Uphill Golden Laddie x Midnite June Allen) that I purchased a year ago from Dawn Corriveau and Len Boyer of Athabasca. She has been a pleasure to own and is my trusty steed. Last winter I took a driving course in Cochrane so this spring I purchased a harness and buggy from Terry Francis of New Serepta and proceeded to drive Buttons. She is quite free willed and so sometimes turns prior to my destination!"

"I took her to the B.C. interior in July and she did really well away from home. I also took her swimming in the Arrow Lakes; it was a good thing I didn't know that all horses can't swim. She did really well. We also went up to the mountains four times only and Buttons out-walked and out-climbed four Arabians. Just last weekend we had a fun day with our riding club and she also barrel races like any Quarter Horse, if not better."

"My parents visited this summer from Northern Ontario. Mom has always loved horses but never had the chance to get to know a nice horse. Buttons took a liking to her and and gave her some of the best scalp massages Mom has ever had! Mom is quite particular about her appearance but during her visit you'd see ...cont'd>

her with a big dirt smear on her shoulder and you'd know that she'd been visiting with Butts. Mom, who is 57 years old, and hasn't ridden in 15 years, climbed on Buttons and when they returned they came galloping down the hill, Mom laughing and quite enjoying herself. Mom said she wasn't scared at all as she trusted Buttons and felt that she was in complete control."

"I sure have a great Walking Horse and am very proud of her and the breed. I plan on breeding Buttons this spring and have looked at Midnight Toddy who is a true beauty."

"Gotta go. Thanks again for the great magazine. It's nice to keep in touch with people who have a common love."

From ROSEMARY JORDAN, JORDAN VALLEY FARM, LEDUC, "I've had such a busy summer with foals and training. Two of my babies are sold and I've also sold three others. Phyl Arden is the proud new owner of Jo's Answer in Blue. She plans to trail ride. Lou Pequin of Drayton Valley has purchased Jo's Epselon and SA Copper Penny."

"After 70 minutes of corral riding, Epsey made her debut on the trail at Em Tee Town and looked like a horse that's been under saddle for at least a year. Her overstride (barefoot) had to be 25 to 30 inches. She had only been in the trailer once, to go from my place to his."

"So now it's fall and back to training. I'm taking jumping lessons. It's a blast. Dear old Answer and Delight are our candidates. I also have to get busy and train Glory and Willow. Willow is a two year old mare I bought from Marilyn Armstrong who bought her from Jackie Kalberer."

JOHN & CHRISTINE KOBZA, PINCHER CREEK, write, "Merry Christmas, and all the best in the New Year, everyone."

"We had a very good year with our Walking Horses. It started this spring with the arrival of our first Walker foal, Toddy's Adonis. Then the show season began shortly after that and we took two horses, Chinook and Mystery, to

the Red Deer Classic where we had a lot of fun despite the rainy weather."

"From there, Chinook headed to the Ted Smith Ranch in Taber for some male companionship provided by Ted's handsome stallion, Generator's Diamond."

"We continued to show Mystery, Chris' roan mare, and had good results with her this summer, her best classes being in the western division."

"We also found time to do quite a bit of pleasure riding this summer despite all the bad weather and early snowfalls, the first being in late August."

"The show season ended for us with the Futurity in Red Deer. Under the careful direction of Grethe Broholm from Snowbird Stables, our weanling colt, Adonis, took first place in his class. This was a very nice note to end the show season on."

"In closing, we'd both like to thank everyone for all the support this past year and all the fun. We really had a good time. Also, thanks to everyone who put on the shows. They were all very well done, so give yourselves a pat on the back."

DONNA STOYBERG, INNISFAIL, reports that they are the proud owners of a bay colt, Bridon's Ace (Calta Midnight Victry x Chapie's Masterpiece), born May 10.

From HEATHER & GEORGE SHARPE, MUNSON, "Congratulations to the following people who purchased Walkers from us this year. Barry Lammle of DeWinton is the new owner of Topper's Choice, Harold King of Calgary took Topper's Walking Boy, and Ron & Elaine Gray of Bentley are the new owners of Topper's June Bug and Topper's Star. Also, the Chapmans of Stettler were here on October 24 and bought back Snip's Prairie Lass and her filly from this year. They have named her Topper's Beauty. Thanks to all for selecting Sharpe Walkers."

We are sorry to report that MARGARET GURNETT of RIMBEY was injured in a car accident in mid October. She has been at home since about the end of that month. All your friends in the Walker world wish you the best, Margaret, and hope you'll soon be completely recovered.

## NEWS FROM OUR U.S. SUBSCRIBERS

CRISTINE HOLT, DUBUQUE, IOWA, sent along two photos with her last letter. Both were from the local show she attended in August with her children and several horses. Cris writes, "Had to send pictures of the local horse show. All four of the kids tasted the show ring for the first time. All agreed that they'd rather watch than show, although Matthew really enjoyed getting his participation ribbon."

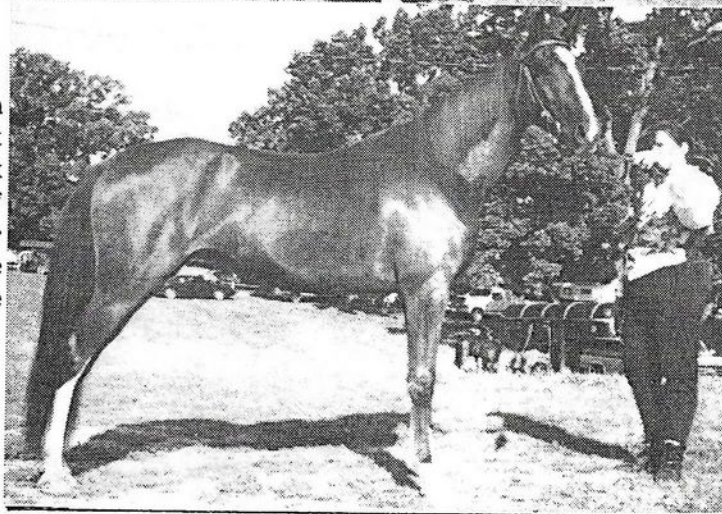

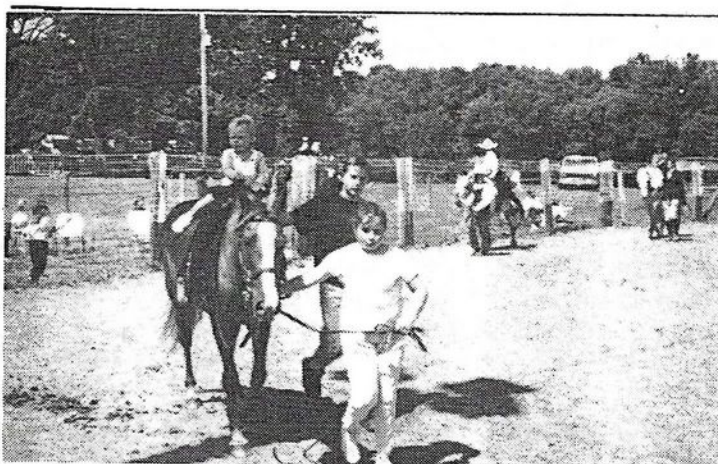

Matthew Holt in his first horse show class. Notice I have him surrounded by everything short of an armed guard! He's only two. This was a local fun show and that's what we had - FUN! That's Shannon Holt (11 years) leading, and big brother Josh beside. The Walking Pony is Merry Ann's Rebel by Northern Rebel. She's our baby-sitter.

Tara Holt, age 12, getting ready for an English type halter class. We didn't "dude up" all that fancy but I think they look pretty, and I was proud of both of them. First horse show class for both too. The horse is Merry Man's Sue by Merry Man S.S. out of Midnight Susie Cue.

Cris continues, "Today I had the pleasure of getting to know Raili Tenkula and her husband a little bit better. They took a detour on their way to pick up their son in Michigan and called out of the blue last night. We had dinner together and they were out bright and early this morning to see Merry Man and the few horses we have left. I wish I had more to show her, but we have cut down our herd so much in order to put my house

in order. So I'm afraid it was a quick tour. But Raili certainly had horse stories to share and I wish we'd had more time to talk. They are hoping to visit Florida some day so I extended an invitation to stay here and we could do some more talking and go over to visit Darlene Krauss and see Squeaky Sneakers, Darlene's stallion."

"Just a note from LYLE & GRACE LARSON of FORSYTH, MONTANA. We are excited about the purchase of our new stallion, GLL'S

Sun Chief. He goes back to all the greats: Midnight Sun, Merry Go Boy, Chief O' Chiefs, GLL'S Carbon Copy, and Last Chance through Silvertip-Rickey. Also Hey Joe. He is a blue roan with a white sock, blaze, and his own ID because of an unusual white marking on his left rear hock. Chief goes back to the very first Walking Horse foal born on my mother's ranch at Big Arm, MT, and that horse was

Chief O' Chiefs. I was 8 years old when he was born."

"We found Sun Chief at O.V. McCurry's ranch in Trego, MT. Mr. McCurry has the old bloodlines of Midnight Sun, Chief O' Chiefs and Silvertip-Rickey. Silvertip-Rickey is the stallion I rode as a young girl. Our trip to McCurry's and seeing his horses brought forth lots of nostalgia. Sun Chief's dam looks so much like the dam of Chief O' Chiefs; she is a sorrel with white socks and a blaze. Chief O' Chief's dam was Richardson's Honey Chile; she was my mother's first registered Tennessee Walking Horse."

"We will be standing Sun Chief at stud in 1993. He will be three in May of '93."

"We are preparing to wean our spring foals. We thought we had the two stud colts sold but that deal didn't turn out. Traveler is a flashy bay registered singlefooter; he's out of a beautiful buckskin Walking Horse mare that is unregistered and his sire is Ebony's

Mountain Trapper. He is exceptionally well gaited. And Haze's Silver Star is a chestnut with a white sock, strip and star. He is also very well gaited. We have hesitated to geld either of these because of their quality but if they aren't gone by spring we will do so."

"We have had some snow here and a few cold nights but this fall has been beautiful. We sure do need lots of rain or snow though. When we had the water lines put in, the ground was dry for six feet down. Another dry year will be very hard on pastures, hay and other crops."

"If anyone has Chief O' Chief's history, would they please send us that information or better yet, send it in to Walking Horse News for an article. As I mentioned, I was only eight years old when he was born and all I can recall is that he went to someone near Whitefish, MT."

"Thanks again for your wonderful magazine. We really look forward to it."

THE BATTLE OF THE BREEDS -- SPRUCE MEADOWS, CALGARY, AB. SEPTEMBER 9-13, 1992

by Charis Cooper

### TEAM TENNESSEE WALKER:

Kristin Hack (Captain) / Racking Jack ; Lara Hack / Sun's Silky Hi Hat  
Grethe Broholm / Midnight Toddy ; Charis Cooper / Joie's Cindy Lady

We arrived at Spruce Meadows in the late afternoon of Sept. 8th. We settled our horses in the assigned barn, then put the finishing touches to the TWH Booth in the Breeders' Hall. After a bite to eat we went to the Battle of the Breeds competitors' meeting, then home for a night's sleep.

Sept. 9, 1pm, COMPULSORY SKILLS: Lara & Silky competing; this is a hard competition as the trotting horses have the edge, but Lara & Silky competed well- but no cigar!

Sept. 9, 3pm, JEOPARDY JUMPING: Grethe & Toddy came in 4th out of 15 competitors, so a very nice showing.

Sept. 10, 2pm, OBSTACLE DRIVING: Grethe & Toddy drove a good round but were disqualified at the end for going off course.

Sept. 11, 4pm, RELAY RACE: Kristin on Jack, Lara on Silky and Grethe on Cindy; this wild and woolly event was held in the International Ring amid the jumps. Our team placed fourth- very good. Grethe rode Cindy in my place as I was hurt in a "horsey" accident, one of many that plagued Spruce Meadows this year.

Sept. 11, 7pm, CHAMPAGNE RIDE: Lara on Jack won this event very handily. This duo also won this event in 1990 - great going!

Sept. 12, 11am, FREE STYLE: Lara on Silky; this is a hard competition as we are new to it. The reining and dressage horses have the edge here, but with imagination and lots of practice we should make a good account of ourselves. It is also a fun event, so get out the music and make up a routine.

Sept. 12, 5pm, BARREL RACE: Grethe rode Cindy in my place and came in 8th - not a bad ride! The weather was sleety most of the day.

Sept. 13, 11am, TRAIL CLASS: Snowing and cold, I wrap my leg and take Cindy into this - her "best class". We get over the precariously balanced logs and through the gate in fine style, then I make the mistake of taking my eyes off her in the ground tying circle ... she leaves the course!!! ... sooo dis-qualification!!! ... Utter disgrace!!! I limp off the field with my head at half-mast. ("George", the popular Percheron, also left the ground tying circle, so I think the horses were trying to tell us they had had enough.)

Sept. 13, 1:15pm, SPEED DRIVING: International Ring again, and still snowing; all drivers with their hearts in their throats when they saw the course amid the jumps. Grethe and Toddy managed to make it through without accident, and placed in the middle of the pack. (The Peruvian driver had her cart upset, then was kicked in the chest cracking her sternum. These competitions are no piece of cake.)

TEAM TENNESSEE WALKER finished in 9th Place (15 breeds competing)

Calta Stables was our sponsor and presented each of us with a cozy jacket which was very welcome in the sleety, snowy weather. We thank you Calta Stables.

Here is hoping that more people will enter into jumping, driving & trail in our shows to prepare for the Battle of the Breeds competitions, and maybe a barrel race could be added. See you all next year!

## C.R.T.W.H. NATIONAL REVIEW

### NEW FEE SCHEDULE

Please study the new fee schedule (page 24, opposite), which comes into effect on JANUARY 1st, 1993. Some fees have been changed, while others remain the same. Annual Membership for example is now \$15 (up from \$12), while Life Membership stays at \$125 and the price of "Importing" a U.S. registered horse is still \$35 if you are a member of the association. All transactions are dated by their postmark, and fees applied are according to the membership status of the person making the transaction.

### ELECTIONS

Nomination slips will be arriving soon to provincial members where there is need for an election. Each province with FIVE or more members should have an elected director (20 members - 2 directors, 40 members - 3 directors). All nominations are made by signed nomination slips (signed by the nominee and the nominator) and returned to the Secretary of the association. Elections then follow, again by signed ballots.

### ANNUAL GENERAL MEETING

Central Alberta Tennessee Walkers will be hosting the AGM in conjunction with their schooling show and clinic at STETTLER, ALBERTA on APRIL 24th & 25th 1993. Watch the advertising for more details about this exciting weekend!

### T.W.H.B.E.A. MEMOS

Recent elections for a director in the Alberta region resulted in Marjorie C. Lacy, Edson, AB. being re-elected for a n o t h e r t e r m .

### ALBERTA WALKING HORSE ASSN.

We welcome three new directors to the board; Susan Smith of Cochrane, AB. will be our secretary, Charlene Varjas, from Winterburn, AB. and Margaret Gosling from Claresholm, AB. directors for 2 year terms. Ron Smith, Magrath, AB. remains as President, and Lorraine Adams, High River, AB. as Treasurer. There will also

be 4 directors, representatives of the four affiliated clubs (North, Central, Calgary-Easy Riders, & South).

By the way, the final placings of the breeds after the "Battle" was as follows:

Points:	Breed:
70	Arabians
40	Quarter Horse/Standardbred tie
35	Pony
34	Pinto
33	Paint
31	Appaloosa/Percheron tie
30	TWH
29	Morgan/Thoroughbred tie
28	Trakehner/Warmblood tie
27	Saddlebred
19	Peruvian

Some would read this as TWH being in 7th place, but officially we were 9th among the 15 breeds.

**HORSEMAN'S DIGEST Book Review** *THE PLANTATION TENNESSEE WALKING HORSE:  
A Guide for Amateur Competitors* by Vickie Mazzola

Whether you are a recent convert to Tennessee Walking Horses or a long time devotee of the breed, you realize how elusive and frustrating is the search for written information on the breed. There is little published about our breed. Information currently or previously written is difficult to find, presently out of print, deals with the show horse, is devoted to show results, intended as promotion, or tells us nothing we didn't know before. We desperately seek information no matter how meagre; therefore anything concerning Tennessee Walking Horses is greeted with excitement.

This book was recently published and deals exclusively with our breed. In the words of the author Vickie Mazzola of Memphis, Tennessee, "... this book concerns itself with the training and showing of plantation Tennessee Walking Horses, both heavy shod and lite shod".

Don't let the word "Competitors" in the title fool you into thinking this book is only of interest to "show people". Don't let the word "Plantation" fool you into thinking this book is only about shoes. Rather, focus on the word "AMATEUR". Most Tennessee Walking Horse owners are amateurs. Canadian professionals involved in the TWH industry are too few and far between, are only interested in the show ring, have little time to spare, or can not answer questions to your satisfaction. Because this book is liberally sprinkled with quotations from many professionals in the TWH industry, the reader is the beneficiary of a wide variety of opinions. As well as quoting current professionals, the author makes frequent use of quotations from Dr. Bob Womack's book *The Echo of Hoofbeats* and Ben Green's book

*The History of the Tennessee Walking Horse.*

The reader is exposed to both historical and current viewpoints, is able to compare both, and arrive at his own conclusions.

How many times have you heard terms or

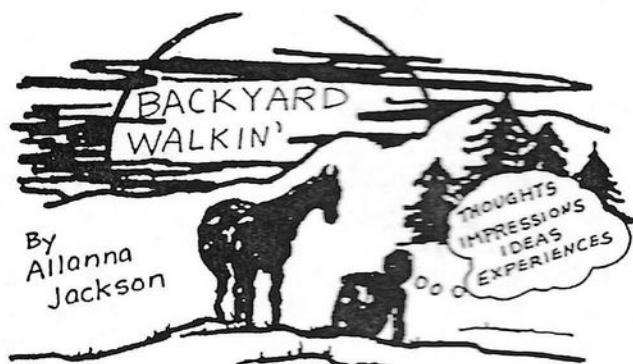

concepts you did not understand? "Behind the bit, light shoes, plantation shoes, way of going, dog walk, training aid, etc." The answer to one question leads to another question. This book can be used as a resource to provide some basic knowledge in answering many of your questions. It does not contain all the answers to all the questions, but it can provide a good base. Technical errors occur in a few places. I would advise the reader to seek further information on the canter, and the action of bits.

I found the chapters "What the Judges See", "Words of Advice", and "Training Tips" most interesting. These chapters were in quotation format, and gave me the feeling of a dialogue with a variety of people. It was reassuring to discover not all judges, trainers, or competitors hold the same opinions or assign the same level of importance to certain qualities of the horse. There is room within our breed for individual differences.

It is refreshing to meet an author who encourages the reader to grow, warns the reader about pitfalls, and believes, "Nothing can replace plenty of patience and proper training". She recommends the reader seeks knowledge and assistance from farriers, other TWH owners, other equine disciplines, and trainers. She advises the reader to abstain from the use of certain training devices without more knowledge.

I would never suggest that this is the most complete book written on the Tennessee Walking Horse, but I recommend it as a basic source of information. The bibliography is extensive and could prove valuable for those seeking more information. It certainly provides an overview of the breed. At best, this book will answer many of your questions and lead you to further searches. At worst, this book will provide interesting reading.

Available from P.O. Box 1007, Shelbyville, TN 37160 U.S.A. for \$24.95 plus \$5.00 postage and handling, a total of \$29.95 U.S.funds. (Review by D.Little)

## Truth in Advertising

Just what is a truthful advertisement about a horse? We expect advertisements and promotions to be truthful. In fact we have laws governing the truthfulness of advertisements. Manufacturers frequently supply various kinds of warranties and guarantees designed to insure that the product does perform as advertised. But horses aren't manufactured. No two are exactly alike. They also have intelligence and personality which makes guaranteeing anything difficult, if not impossible. Horses are notoriously good at making liars of their owners, even when the owner is trying to be truthful.

In our modern society horses are kept for enjoyment. We do not need horses. They satisfy emotional needs perhaps. They may gratify our egos. Ultimately the real reason for having horses is to fulfill our fantasies. Promotion and advertisement of horses is thus oriented toward convincing prospective buyers that this one particular horse or breed is the ultimate horse of her dreams.

Subjecting fantasies to objective performance standards is difficult. There is no uniform agreement as to what the ideal horse should be. My fantasy is not the same as yours so my ideal horse is not the same. This may have something to do with why we have more different breeds of horses now than any other time in history. This lack of a uniform objective plus the perceptions and expectations we read into the ad may result in what seems to be false advertising.

It is quite true that there are those individuals who really are intent on

deceiving horse buyers. However most sellers are trying to present the horse truthfully. The discrepancies between the real horse and the ideal our minds conceive when we read the ad may seem like false advertising. But is it really?

Consider some of the following sample ads. What kind of mental picture do you have of the horse described in each ad? Are the ads truthful?

\* Registered Tennessee Walker mare, 17 year old, 14.3 hand chestnut. Good manners, well trained. Partially blind left eye, mild arthritis in both front pasterns, shies but has no other vices.

Is this ad true? Probably. How much is this horse worth? Would you buy it? Would you take it if it were free?

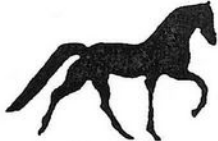

\* Mountain trail horse! Sane, sensible, sure footed Walking horse. 10 years experience on mountain trails. Neck reins, ground ties, will picket or stake out. Small, but will carry 200 lbs. all day.

What would you expect to do with a horse like that? What interests is the potential buyer going to have?

\* Show off your patriotic spirit in the next parade! Carry our national flag on this beautiful Tennessee Walker. Experienced both alone and leading groups in parades.

What mental picture do you have of this horse? If you're like most people you pictured a high headed, high stepping horse of some flashy ... cont'd>

color or markings equipped with a fancy silver saddle. If the horse turned out to be a low headed, low going, chestnut with no markings was it falsely advertised? The horse really does carry the U.S. Flag in parades. The owner has photos and video to prove it.

\* Proven Show horse. Midnight Sun, Merry Go Boy breeding. Versatility trained. Places well in all breed shows. English, Western, Equitation, Trail, Reining, and more. Registered Tennessee Walking horse with 3 good gaits. Pretty head, clean legs. Has always been plain shod. Loads, hauls and unloads easily.

That may sound like just the horse to try for a Versatility Championship with. If you bought the horse and discovered it trots in pasture, doesn't like stalls and is afraid of clippers, was it falsely advertised? Did the ad say anything about clipping, stabling or pure gaitedness? Now if the horse had been presented to you in a stall perfectly clipped and braided you might have reason to presume it was accustomed to these things. But if you found the horse running loose in a 1 acre field with a run-in shed and shedding winter hair in clouds, was it implied that it would tolerate clippers and stabling?

\* Great family horse, docile, gentle, well trained, perfect manners. This little walking horse mare can be trusted with the smallest child but is spirited enough for adults to

enjoy. Could be 4H project.

That one sounds too good to be true. A horse like that would be worth her weight in gold. You buy the horse for your children or grandchildren. The first day the 10 year old jumps on and takes the new horse over to that construction site down the next road. The horse takes one look at a bull dozer clanging and chuffing toward them and bolts for home. Was the horse misrepresented? (The child did arrive home on top of the horse, unharmed but badly frightened.)

The next day you decide to check out the horse for yourself. You look up from cleaning a front hoof to discover the 2 year old, whom you thought was safely indoors, walking under the mare's belly. Before you can safely get to the child he has stopped behind her back legs and started pulling her tail. The mare is standing still as a stone, her head turned toward the baby, one ear cocked listening to him. Now do you think the horse was misrepresented?

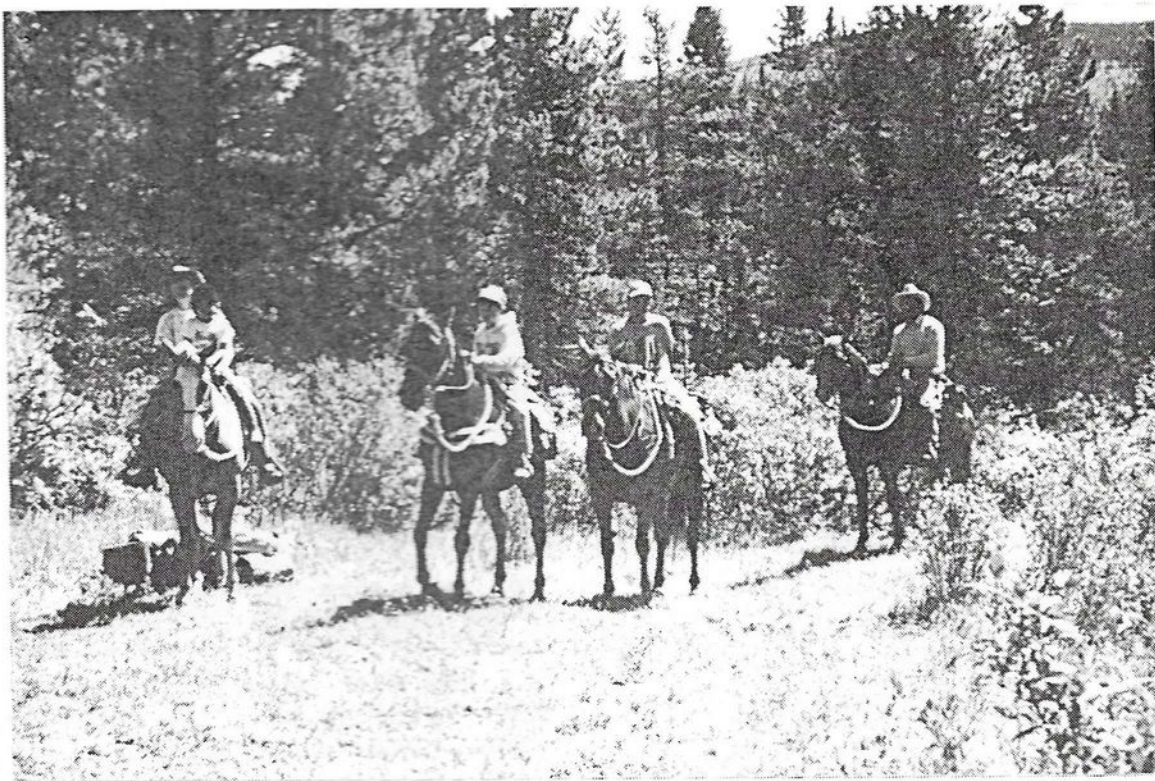

\* Proven broodmare. Foundation style Walking Horse. Linebred to Thornton's Glamour Girl. Correct movement, natural running walk, superior disposition, pretty head, straight legs and passes them on to her foals. Also rides. Crosses well with Wilson's Allen line. Should not be bred to Merry Boy line.

What do all these ads have in common? They are all factual. What the ads actually say is true. But not everything you might read into them or assume about the horses is true. What kind of mental picture do you have of each horse? What performance expectations do you have for each horse? Do you picture these horses the same or differently?

Now I'll let you in on a secret. All six ads are for THE EXACT SAME horse!!

No, this isn't made up. The horse is real. Her name is Sacia's Pride. She is not for sale at any price.

#### ADVERTISE - WITH A CLASS(IFIED) AD!

I am always surprised at how few people make use of the classified ads in our paper. I know these ads are often the very first part of the News that are read. I also know that over the years we've sold hundreds of Tennessee Walkers for those who have advertised with us. It's also a very inexpensive way to keep your name in front of the Walking Horse community. So why not advertise?

First you have to write a good ad. State clearly at the beginning of the ad just what you have for sale. For example

GENTLE, WELL BROKE TWH GELDING

Here you have a horse to be sold on the basis of his usability. He's a gelding so his breeding isn't of too much interest, and your first words are designed to attract the attention of those looking for a dependable saddle horse.

But don't stop there. People want to know how old he is, how tall, what colour

(sometimes even what markings), any special training or experience he's had, and especially, what price. If you can include something to personalize the horse, all the better. Let's say your ad looks something like this:

GENTLE, WELL BROKE TWH GELDING. 9yr old, 15 hh bay with star. Star's Twinkle #839999, Can.#345, has been ridden and packed in the mtns, and driven. A willing, easy-going fellow, Twinky loves long twilight rides and never shies. \$2200.00.

That's worth \$2.50 per insertion at our current rates, but don't forget to include your name, phone number and mailing address and count those words or numbers. Now send it in with your cheque, and don't be shy about letting it run for several issues. If the horse sells after the first insertion, let us know and we'll cancel the ad ...cont'd>

Class...Ad. cont'd...  
and give you a credit.

When advertising mares, stallions and young stock, always include pedigree information. You'd be surprised at how many people are interested in certain bloodlines. So put the sire and dam behind the horse's name or state the bloodlines the horse represents and offer "pedigree and photos on request"....

In addition, folks are going to want to know age, height, colour, markings, training, disposition, etc. so supply all that you can, in view of the animal's age and stage of training. Sometimes you have to say something like "Should mature at xx hands" or "Will be a smaller Walker" but do try to include all the details buyers want to know. They would rather you told them in your ad, than have to phone (usually long distance) to find out.

So now with your ad in place, all you have to do is stay home and answer the phone. Good luck selling your Walker!
