The mares at Uphill Farm, Edson celebrate access to their new winter pasture!

Dear Subscribers,

A big "Thank you" to all those who have taken out cover ads for 1994. Once again we're "covered" for the year, and we are very grateful for your support of WHN. Our advertisers for '94 will be Calta Stables, Cole Farms, McDonald Farms, Rocky Slopes Farm, Snowbird Stables, Tenkula Farms and Westridge Farms.

Thank you also to everyone who sent photos with their news, ads and renewals. It's just great to have photos to go with the news items and to have lots to choose from for our '94 covers. Keep them coming!

We'd like to remind everyone with a stallion to get an ad in to us for Jan/Feb'94. People start thinking about spring a lot in those cold, dark days! We'd love to have a big Stallion Issue with lots of beautiful Walkers for the mare owners to consider.

Our very best wishes for a Merry Christmas to all of you.

Marjorie C. Lacy

## SASKATCHEWAN NEWS

"Party All The Time"

We wish our many friends & customers a very Merry Xmas and health and happiness in '94  
BARRY & LEXIE COLE, CABRI, SK.

MARGIE PERRIN, MAPLE CREEK, writes, "Hi! We have sold Topper's Dapper Don to Murray Oram at Central Butte and I would like a subscription to *Walking Horse News* sent to him for one year. Best wishes, Murray."

From RHONDA GOODSMAN, ENDEAVOUR, "With this letter I would like to renew my subscription to *WHN*, as well as place an ad for my colt, Dakota Moonwalker. I really enjoy your magazine and as I learn more about Walking Horses, I read it more eagerly."

"I'm all ready for winter, although I don't know if the horses are. I'm already looking forward to summer though, when I plan to show my stallion, Threat's Rainman, quite a bit, even if I can't use him for 4-H."

Heard via the grapevine that some new horses arrived this fall at COLE FARMS near CABRI from Super K Ranch of Wheatland, Iowa. We'd love to hear all about them, Lexie.

## ONTARIO NEWS

ROSEMARY SMITH, LISTOWEL, writes, "Just a short note to say I've enclosed my \$12.00 for renewal of *WHN*. I still have two Walking Horses; just bought myself another gelding two weeks ago. He's wonderful - seven years old, well conformed, all black, 14:3 hh, smooth as can be. And bomb proof! He's just an all around top little horse. I had to sell my three year old filly due to medical problems."

"We moved our horses to a new boarding facility a month ago. It's a beautiful place. Indoor arena, oak stalls, wash bay, heated lounge, trails through the bush and fields, etc. A horse heaven!"

"I love to receive your magazine. Walkers are getting more popular here in Ontario. Everyone at the boarding facility is very impressed with our Walking Horses. Word is getting around about their smooooth ride and showy appearance. Keep up the good work. Happy trails!"

Riding in Larose Forest, ONTARIO. [Louise Waring letter]

From LOUISE WARING, LIMOGES, "To date I have only received two replies to my ad looking for a naturally gaited bred mare. Rather disappointing since I wanted to go west this past summer to have a look at what is available. I will continue to scan the want ads though...">

"I have enclosed a photo of a Labour Day ride we organized in the Larose Forest. The long forestry roads here are ideal for a Walking Horse. One can stretch them out and walk on at a good clip for miles and miles. Sage, my 19 year old TWH (the one with the white blaze) is in the middle. He was the only TWH at the ride and loved "showing off" his strut. "Mr. Showbiz" is always full of himself when he has an audience. He's an excellent ambassador for his breed. There is growing interest in Walkers in this area but none are available."

"Will keep in touch about my search. Keep up the good work. I always read the News from cover to cover."

### MANITOBA NEWS

ORLLA PARADINE, BINSARTH, writes, "Please find enclosed my cheque for renewal to the excellent magazine you girls publish. It is always read from cover to cover. I just wish it came every month."

"The horses are fine. Wisky is fat, sassy and starting to fuzz up a bit in preparation for winter. Baby Clyde is also fuzzing up. I don't think she'll make 15hh like her Mom. I'm not even sure if she'll make 14:2hh! Guess it isn't fair to compare her to our 15 hand QH yearling. Baby Clyde is much smarter. They both willingly accept the bridle and saddle, have been ground driven so that they turn, walk, jog, back and whoa. They both willingly accept my youngest daughter sitting and lying on them. They are all ready to go for next year. "Breaking" won't be much of a problem."

"Earlier in the spring we had all the horses in for trimming, bridle paths, fetlocks, etc. Baby Clyde had been introduced to clippers and clipped regularly last year. However, on this particular day she refused to stand to be clipped. She reared, jumped, pawed and was, in general, a terror. No amount of quiet firm handling did the trick. A lightning storm was coming so I finally got fed up, and twitched her for the five minutes it took to finish the job."

"A few days later we went out to see if we could figure out the problem. We started very calmly and quietly, only to be met with the same atrocious behaviour. I decided, "No more nice lady", and went to the shed for a chain shank. I ran the shank through the halter and under her chin but before I had a chance to pull on the shank or let Baby Clyde know I would no longer tolerate her bad behaviour, her "innocent" little head dropped and she moved a few steps closer to me. This time when I turned the clippers on, not a muscle moved. No reaction. I proceeded to "attack" her whole body, ears, whiskers, etc. She stood like a statue with no one even holding her. I'm still not sure who won! The rest of the summer she has been fine. I'm waiting for her next "surprise" behaviour. Sure hope that chain shank will do the trick for whatever it might be."

"I was not able to show Wisky or Baby Clyde this year. We slipped in to Brandon to catch the final day of the All Breed Show and were able to visit a bit with both Darlene Moore and Keith Doll. So nice to be able to see other Walkers and their way of going. Wisky still paces sometimes, but is getting better all the time. Baby Clyde very rarely paces and has a wonderful head nod. Next year's All Breed Show? I'd like a chance at that water glass class."

"If Baby Clyde doesn't grow a LOT this year I might have to trade her in for a big black! We're still hoping for enough decent weather to get lots of trail riding in before the snow flies. Our 4-H Club Achievement Day is being held at our place on Sunday so we have lots of work to do. Hope we get good weather!"

I recently received a letter from Mr.G.MAY of DUGALD. He says, "We are interested in purchasing one or two Tennessee Walking Horses and would appreciate any information you could supply. We are looking for very gentle, docile, well-mannered/schooled mature horses that are easy to keep, have no

vices and are sound. Being novices, our primary requirement is to own horses with excellent dispositions. These horses would be used for pleasure only. Would you know of people living close to us who are interested in selling some horses?"

Well, Manitoba readers?

## Greetings from Malaysia

by Leola Stewart

Hi, from Kuala Lumpur. I am a Calgarian and have been living in Malaysia for five years. I come back to Canada a couple of times a year to escape the heat of the tropics.

This year I spent a week I will remember forever, with Chimney Creek Outfitters on a Tennessee Walking Horse in the glorious and COOL Rocky Mountains. My dearest friend, Susan Gurnett, has been doing these trips with her family ever since I've known her. I had heard so much about them that this year I begged to go.

Just as we were leaving the staging area, someone said, "So, Leola, just how long has it been since you were on a horse?"

I thought for a minute, then replied, "Oh, around twenty years."

There was a gasp all around, then SILENCE.

Well, most days we spent six to eight hours riding and my butt was not sore once. (We won't even talk about the knees.) Someone said, "That's because you are experiencing the "Glide Ride". After a day or so, I was even comfortable galloping and I soon discovered that faster is better. So unbelievably smooth, no bouncing at all. The horses of past memories had jogged so much that your fillings felt loose!

I said, "This has to be the Mercedes

of horses!" No problems up and down mountains, river crossings were a breeze, and my horse had real good bog sense also. (And after watching some of the others I was real glad of that fact.) He had also been a pack horse so my legs were spared from dragging the trees with us, as one unnamed member of our group had a knack for!

Leola with her friend, Northfork Black Beau

I could really go on and on. I hope this is going to happen more than once every twenty years. In fact, I am planning to do it again as soon as possible.

Thanks again, Chimney Creek Outfitters, and special thanks to my buddy, Blackie.

## NEWS FROM OUR U.S. SUBSCRIBERS

I always enjoy reading the BOX HANGING 3 newsletter and sales list that SYLVIA CROUTER & J.D.HODGSON of DUBOIS, WYOMING send out. In their Fall/Winter issue, Sylvia writes about shipping semen, "It works! It seems miraculous but we have successfully bred our stallions by shipping cooled semen, and we have two of our own mares in foal to Sun's Remembrance (who stands in Florida) by Federal Expressed semen."

"You need a good equine veterinarian at your end, one who can tell you exactly when you should receive your semen shipment, one that knows precisely (within hours) when your mare will ovulate. This can be determined by manual

palpation, ultra sound or a combination of both methods."

"This is a wonderful technology. It shrinks the miles between valuable naturally gaited mares and those superior stallions that pass on the true four-beat running walk. It saves you travel money, mare care money and prevents stressful hauling of mares with foals at their sides."

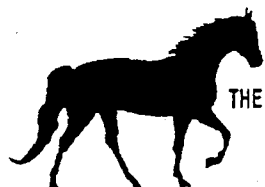

"We applaud the blood-typing program of the TWHBEA that makes registering foals conceived by shipped semen possible. The prestige of our breed can only increase with better foals raised from the technology of shipping cooled semen from superior stallions."

ALLANNA JACKSON of LAKESIDE, ARIZONA wrote with some exciting news. Her book, *Training Tips*, is definitely being published and will soon be available - see Allanna's ad. It will have 160 pages. We're looking forward to it.

From KATHY STUMPH, NEWPORT, WASHINGTON, "Well, time has been flying by! We were able to attend the Alberta Celebration this year and really enjoyed ourselves. Had a good visit with John and Christine Kobza while there and gave them a hand with their horses. We met a lot of nice people that I only knew by their names and ads in WHN."

"We made some new friends this summer at Claresholm and also down our way. Blayne and Donna Zimmerman and their lovely daughters came to the Spokane Heyday and we really had a good time. Blayne and Dan are just too much alike with their strange sense of humor. Also got to spend some time on more than one occasion with Randy Johnson and Eldon Eadie and enjoyed talking pedigrees and breeding with them. Met Lorraine and kids at Claresholm as well. Saw the Fabros every time we went to a horse show and they were all doing lots of winning."

"I finally met Roberta Brebner after several letters and phone calls over the past few years. She and Cindy Botkin were at the Ellensburg show along with Daniel and Erika Peters. Erika and I have been exchanging letters and phone calls for about a year and I really enjoy her."

"Gabriel's (Delight's Midnight Legend) first two foals were born this year, a black filly owned by Dr. Angelo Lurus in Spokane, and a black colt owned by Gloria Benson of Hazelton, B.C. They are both very happy with the foals. We are expecting three foals of our own by Gabriel next spring and Roy Nelson of Deer Park, WA is expecting two. We will have foals for sale."

"We also plan to offer a special breeding fee and mare care package to anyone from Canada wishing to breed to Gabriel. Kind of help cushion the exchange rates and travel costs."

### BRITISH COLUMBIA NEWS

JAYNE WALKER, DAWSON CREEK, writes, "Here is a cheque to cover a year's subscription to WHN for Erika Peters of Keremeos. She has bought Royal Class Go Boy's Pride, a yearling gelding by Go Boy's Crown Royal out of Monteray Supreme M. Here's wishing them both good luck.

From JOYCE PATTERSON, CAWSTON, "I've still got these darn shingles. They started August 13. The pain and irritation have let up a bit and I'm resting better but I will sure be glad when they're healed."

"The weather was lovely Saturday so I took a short slow ride with Joan and her new Fox Trotter mare. She's a dark golden Palomino, 14:2 hh and very sensible."

"Got up this morning to snow on Fairview and Apex Mountains. Oh, what a terrible thought! But the weatherman says we're going to get a few nice days yet, before winter."

"I bought my old gray Walking Pony Of America back from Russ Davies last April. She was born April 24, 1976. Russ had her for ten years and trained her for harness, so I'll drive her this winter. She was the very first Walking Pony to be raised here at Cawston. I bought a registered Walker mare from Friesen Farms (F.F.) in Abbotsford and bred the big 15:2 hh mare to Mrs. Keyser's 49 inch registered Welsh stud. The little filly arrived early one morning, as black as

coal. In three or four days you could see tiny white hairs around her eyes and now, 17 years later, the old girl is snow white (except when she rolls in her favorite damp mud hole)."

"Anyway, I think that crossing the big registered Walking mare down to the Welsh stud produces a much better, useable small horse than the other way around. Usually the offspring are 14 to 14:2 hh. Pride is 14:2 hh and usually running a bit heavy. I also had two W.P.O.A.s from Lillooet in '78. They were from Welsh mares and a big Walking stallion. One, Prairie Rose, was really quite serviceable as she was 53 1/2 inches tall, quiet and not too hard to handle. The other, Prairie Dawn, was a real goer from "H". She'd have made a good chariot pony. She was too darn fast for a smaller kid to hold and too short for an adult to ride. I found the cross of TWH mare to a Welsh stallion better. Just a thought for anyone going into W.P.O.A."

"Chespa, Joey and Pride are doing just fine - they've been doing nothing since I got shingles. Little Joe has grown a bit bigger since I got him last year. I'm very pleased with him. Thanks, Shelly."

"Only seven weeks left before Christmas. Boy, this year just flew by! Merry Christmas, Everyone, and good luck in 1994, from Joyce and Ponies."

MAUREEN HEIKKILA of GRANISLE, (which is 200 miles west of Prince George) writes, "I'm enclosing a couple of pictures of my daughter and our Walker, Secret, on the first endurance ride held at Houston, B.C. The club hopes to hold

these rides yearly. This year it was a 25 mile ride and the club had requests for a 50 miler. There were around 22 horses that entered."

Rosanne & "Secret" crossing the finish line

"Secret, my nine year old gelding, was the only TWH on the ride, and as far as I know, the only TWH this far north."

"I had my daughter ride Secret this year. She came in first and also won the trophy for the best condition horse."

"Secret and I have put on many miles this year, in trail rides, poker rides, competitive rides and just plain pleasure rides."

"I have been enjoying the Walking Horse News since 1990. Keep up the good work."

DEBRA JACK, ARMSTRONG, faxed the following news from CAITHNESS CROFT: "We were very busy with promotional activities this year. Tsuniah's Sunday went to Equitana '93 to represent the TWHBEA in March. Equitana was almost beyond belief, with 18 pavilions packed full of every kind of horse-related display imaginable. There were over 350,000 visitors and Sunday was an excellent breed ambassador; in fact he has received much fan mail since returning."

"In the beginning of June, Tsuniah's Sunday and Generator's Mystique were honoured to lead the opening ceremonies for the National at Spruce Meadows. Then in early September, Sunday with Mary Jo Neu up, Rhinestone Dolly with Matthew

Slingsby up and The Legend with Russ Keyser up represented the Tennessee Walking Horse at the I.P.E., Interior B.C.'s largest exposition. We were pleased to have Mandy Reynolds of Kelowna join us on her TWH mare, Miss Big Stuff."

"We were able to expand our European contacts as a result of Equitana '93. In June, Suyin Oldenburg from the Netherlands spent ten days with us, learning all she could from Russ Keyser, as she prepares a book on Walking Horse training for the European market."

"We have sold three horses to Europe thus far. Suyin purchased The New Sensation. This two year old bay stallion will remain with Russ Keyser for further training and promotion before heading to Europe where he is expected to stand at stud. On November 15, Sage's Morning Mist and Tsuniah's Deep Deep Trouble, both in foal to The Legend, boarded a KLM flight out of Vancouver bound for the Netherlands. We wish Suyin well with her new horses."

"We have had other visitors from Europe and in late September, due to popular demand, Russ Keyser returned to Europe where he, Bob Cherry and farrier Jeff Frantz put on a ten day clinic in Germany."

"We had a good show season this year. Our new young mare, Generator's Mystique, had an undefeated show season here in Canada and the Northwest U.S. She earned two World Championship titles with Mary Jo Neu up in Shelbyville in August. In addition, she earned one Reserve World Championship with Russ Keyser, and was fifth in the Plantation World Grand Championship, the only newcomer to crack the top five."

"Of course, the highlight of the Celebration this year was Mary Jo's two World Championships. We are very proud of Mary Jo, who is the first Canadian to win at the Celebration. Mary Jo has been part of our program almost from the beginning, grooming, working and showing almost all our horses. She has worked closely with Russ Keyser and has an excellent knowledge of the Tennessee Walking Horse, and has become an invaluable member of our team."

"This year we became a Corporate

Sponsor of the Celebration, something we thoroughly enjoyed."

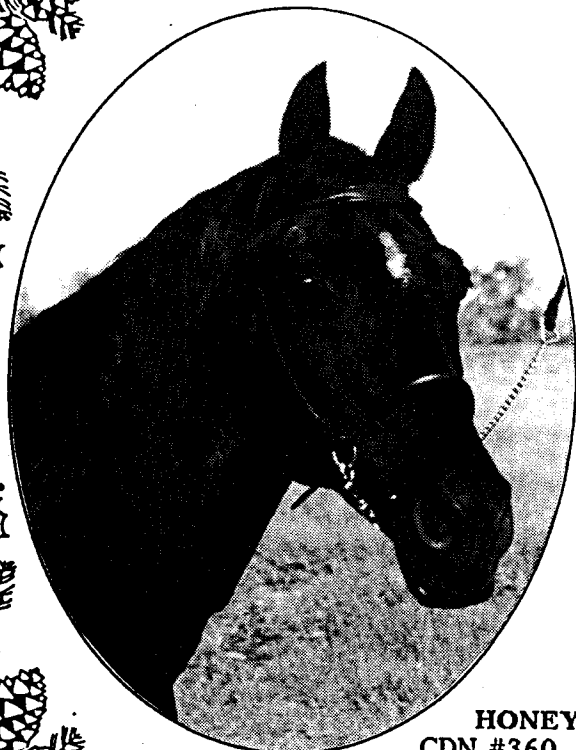

"We had four foals this past spring, and at this time, all are looking great. Sage's Morning Mist gave us a sorrel filly with flaxen mane and tail (Legend's Morning Glory), Gen's Pride and Joy gave us a jet black filly (Legend's Mirror Image), Pride's Pin Up Lady gave us a very flashy liver chestnut filly with flaxen mane and tail (Legend's Cover Girl) and Gen's Zsa Zsa gave us our one stud colt, liver chestnut with flaxen mane and tail (The Future Vision).

"Our breeding program expanded this year as more mares were brought to The Legend. We also bred several mares using shipped semen and are pleased to say that 100% of the mares bred this way were confirmed in foal."

"We also obtained a new yearling colt, Coin's Double Play, in April. A gorgeous liver chestnut colt with white mane and tail, he has been left with Bobby Richards in Tennessee, where he was undefeated at halter and was crowned the International Yearling Grand Champion, an honour we were very excited about."

"1993 has seen some major changes for Caithness Croft, as we have relocated our show operations to Tennessee. While our breeding operation will remain in Armstrong, Russ has set up his training operation in Cornersville, Tenn. and we look forward to participating in the show rings of Tennessee and surrounding area. Russ has Generator's Mystique, Gen's Diamond Lil and Coin's Double Play, along with our three Legend yearlings, Legend's First Lady, Legendary Lady and The Distinguished Gentleman, for the winter."

"With the show horses in Tennessee, it will be a quiet winter here at Caithness Croft. Tsuniah's Sunday and The Legend are both "barefoot boys" for the winter, enjoying an opportunity to spend some time outside. This is a very new experience for The Legend and it seems one he is enjoying. In the spring Sunday will in all likelihood make the trip to Tennessee to be reunited with his trainer. As for Legend, we are undecided. Mary Jo and I are really enjoying playing with him and we plan to introduce him to some trail rides in the spring. Of course he will ...cont'd >

"We wish you all a very Merry Christmas and all the best in the New Year."

PATRICIA KECKALO, PRINCE GEORGE, writes, "My husband, David, and I are the proud owners of two Walking Horse mares and two fillies. We trail ride, show our horses, and are members and active participants in the British Columbia Reining Association."

"We would like to subscribe to the Walking Horse News as we would like to have more contact with other Walking Horse owners and breeders."

"We attended the Alberta Celebration in Claresholm this past summer and were impressed with the quality of the horses being shown and the friendliness of everybody. It was very enjoyable to be around so many people who appreciate this fine breed of horse as much as we do. We intend to do as much as we possibly can to promote the breed in our area."

From the West Coast Walker Club Memo of October 25, "The W.C.T.W.C. Annual Fall Festival was a great success with many entries including out-of-towners from Vancouver Island, Kelowna, Keremeos, and Everett & Olympia, Washington. It takes a lot of time, effort and money to put on a quality show as we had this year. The W.C.T.W.C. membership would like to thank every one of you who helped to make our show possible and a great success."

Three High Point awards of the W.C.T.W.C. Fall Festival went to Mandy Reynolds riding Miss Big Stuff, who won English Pleasure, Western Pleasure and

Versatility. Brian Tonn riding A Touch of Pride won the Junior High Point award, Jolene Klassen on Salty Bar Cash won the Open Versatility award and Jennifer Peters on Prince was the Open High Point Junior.

In the Futurity, the winners were as follows: Marie Terry's colt, Romeo's Midnight Prince by Go Boy's Diamond Chief, won the weanling class; Olynyk's Remembrance's Early Edition by Sun's Remembrance won the two year old class and Shaker's Modesty Blaise owned by P. & D. Campbell won the three year old class."

"Ron & Sharon Carter have moved from the lower mainland and will be deeply missed by all that knew them. But B.C.'s loss is Alberta's gain. The Carters have relocated at Cochrane, Alberta as of December 3/93."

### PEACE AREA NEWS

by Jo-Anne McDonald

Well, after a really dry May and June, the monsoons arrived in July and everything grew. Hay and crops were at least a month late but they sure produced. The grain crops had a lot of green but we were able to get them harvested. We've had a gorgeous fall and lots of time to finish. There is a bit left out in this area but not as much as everyone feared at first.

Don's and my trip to Saskatchewan was a peek into winter. We picked the absolute worst weather to travel - but that is par for the course. Other than the weather, we had a great time and a real good visit with Lexie Cole, albeit too short. Lexie has some fine horseflesh at her place. We were disappointed that we didn't get to see her stallion, William's Kodiak, but he wasn't home yet. We had traded a gelding, Sage King's Warrior, for the filly, Threat's Magic Genie, so we were hoping to get that done before the bad weather. So much for that thought.

Lexie arranged for us to keep our new horse at Misty River Ranch in Medicine Hat, where we were visiting relatives for a few days. A special

thanks to Arianne and Ralph for their hospitality in allowing us to invade for a few days. We especially enjoyed seeing their herd and their stallions, Shogun and Minstrel. It turned out that our new filly, Genie, is a half sister to Merry Minstrel. It is always nice to see the horses you read about in the *Walking Horse News*. A big "Thank you" to everyone who helped make our trip a real success.

Jayne Walker of Dawson Creek has sold her yearling gelding, Royal Class Go Boy's Pride (Go Boy's Crown Royal x Monterey Supreme) to Erika Peters of Keremeos, B.C. Erika, Daniel and Jennifer stopped in for a very short visit and ended up getting a horse. Don and I would like to thank the Peters for the fruit. I guess we are getting just like Champ - can't get enough fresh fruit!

L to R: Jayne on Royal's April Angel; two Peruvian Pasos; Glen (our entertainer) on Hans' TWH Keen's Blue Shadow; Marie Erb on a  $\frac{1}{2}$  walker.

Jayne Walker participated in the Teepee Heart Ranch All Gaited Horse Trail Ride in June. Jayne says they rode in the Dog Creek area of British Columbia and that the scenery was breathtaking. The weather could have co-operated better but apparently they had nice snug cabins to camp in most nights. Jayne tells me that they were up so high one day that they actually looked DOWN on an airplane. That's pretty high, I'd say! In total there were seven gaited horses: two Peruvians, four Walking Horses and one half Walker. Jayne rode her young mare on this trip and said it did her a world of good to have this type of experience

since previously she'd had only arena riding. All in all, it was a great holiday.

## ALBERTA NEWS

BOB BENNER, EDMONTON, writes, "I am sending along a picture of two of my grandkids having a ride on "Final Performance" in between classes at the Red Deer show this summer."

The Bob Benner family...

"Our family travelled to all the TWH shows this summer showing our two Tennessee Walkers, Final Performance and Midnight Sensational. We have a rumpus room full of prizes to prove it."

We all enjoy the shows, trail rides and socials. The two Tennessee Walkers I purchased two years ago have given us all a lot of enjoyment. We have also enjoyed meeting new people during our trips with the horses."

ED HAMEL, PINCHER CREEK, writes from the "Never-done-before Department", "Just a small note to say I have converted to the Tennessee Walking Horse after owning Quarter Horses and Standardbreds. While I enjoyed these horses, I am impressed with the horses and the people who ride Walking Horses. In the south we are lucky to have Christine and John Kobza who are true ambassadors for the breed. They have really been helpful in organizing trail rides, getting farriers, grooming and clipping, and answering lots of questions

presented to them."

"In our many travels to find our horses (Great Falls, Montana, Idaho, Edmonton area, Strathmore and Calgary area) we have found the people to be most helpful in selecting a good horse."

"Vince LaCoste and I now own four Walkers: Black Gem Star, Someday Justy Nuff, Generator's Step Ahead and our own foal, Edvins Rebel Star. We are looking forward to breeding the three mares to produce more outstanding Walkers for those yet to be converted."

"Just a quick question, though. Where do all the good three to six year old Walking Horse geldings end up? Are all males in this breed kept as stallions?"

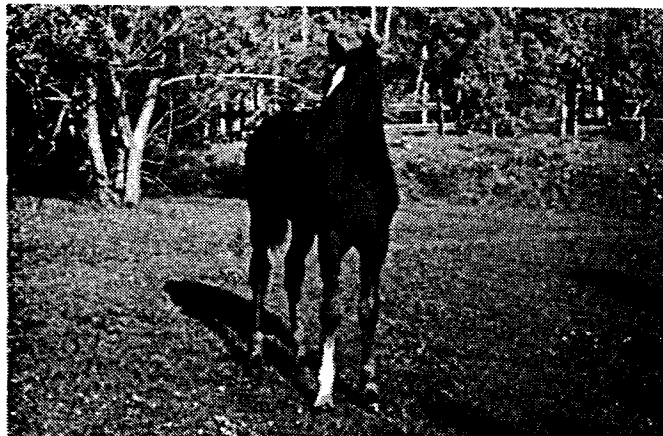

"Keep up the good work."

From BEV FORD, STRATHMORE, "I'm writing to give you our new address and renew our subscription. We really enjoy the Walking Horse News but it would be nice to see more articles on training tips."

"In April we purchased our first Walker, Da Jo Spicy Copper, from Snowbird Stables. We were so pleased with her that we bought another for my husband. We were Quarter Horse people but after discovering the Walker I will never go back."

"Thanks for all the great work put into the Walking Horse News."

From the desk (ie: kitchen table) of ELISABETH AUGART of SCATTERED SPREAD RANCHING in SPRINGBANK, "Report of the

1993 FOAL: Calta Copernicus x Chapie's Dapper Dawn

comings and goings for the fall of '93. First to be sold was Dixie's filly foal (Calta Copernicus x Chapie's Dapper Dawn), a real beauty, to Brian Burke of Westlock. Next was Dee Jay's Peppi II to Charis Cooper of Turner Valley. I wish them both good luck and happy trails."

"Next and last news was my purchase of Peace River Star from Bill Pielak of Battle Lake. Star is a real joy and smooth on the old bones."

"Here's hoping you all have a wonderful Holiday Season."

PEARL DAY, ATHABASCA, writes, "I'm getting along fine with my Walking mare, King's Redwing L.B., and really like her. She gave me a nice baby this year. He looks like his mum, and is a real character. His dad is Len & Dawn's stallion, Laddie's Stormy Doc. I named him "Doc's Swinger" - he's had his gait from day one. Thought you might like to see a picture of them."

King's Redwing L.B. & 1993 FOAL: Doc's Swinger

From JOHN & CHRISTINE KOBZA, PINCHER CREEK, "Despite the cold and rainy weather this summer, we managed to have some fun with our horses. We introduced Mystery (Sun's Blue Eyed Mystery) to the 3-Gait classes and were quite pleased with the results. We also started showing her half brother, Crescent Mocha Magic, a joint venture with Jackie Kalberer of Umatilla, Oregon."

"We were also kept busy working our two weanling fillies and the yearling colt, preparing them for the Futurity, where our efforts were rewarded."

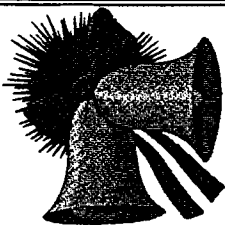

"We have been enjoying the fall weather and have even managed a few trail rides with the Chinook Walking Horse Club."

"Special thanks to Dan and Kathy Stumph of Spokane for coming up and giving us a hand at the Claresholm show, Alberta Celebration. We also managed to travel to their place this summer and we had a great weekend visiting with them and with Jackie Kalberer."

"Anyway, bye for now, and God bless."

JAKE DEN OUDSTEN, LACOMBE, writes, "I'm really enjoying my horses. I have eight now. My son, Nick, a Trakehner fan, built an indoor riding arena, so we can work on the young horses in the winter. We had two foals this year. One is a black filly by Kentucky Rainbow out of Summer Star (who is by Honey Boy's Rebel). She's a real goer - can't keep up to her! The second is a sorrel filly by Kary's Jeepers out of Cinda Joe (who is by He'za Walker). Both mares are in foal again to Jack Gurnett's stallions."

At UPHILL FARM, EDSON, we've had a number of "TWH" visitors. Rachel and Emerson Rose of Grande Cache stopped in one day, just when the horses all happened to be in. They have a purebred Walker gelding from the States and a younger half bred, and are looking around for another Walker. They really enjoy those smooth gaits out in their beautiful mountain country. Keith and Lorna Micetich and Randy and Lorraine Johnson and their children also came to see us one day - between rainstorms. That was another lucky day when I had all the horses in and tied up. Johnsons also stopped on their way home from B.C. about a week later and then the horses were nowhere to be found though we walked all around the quarter section looking, didn't we, Melanie and Daniel? Then on Hallowe'en I had two visitors from Whitecourt, Bob Holzer and Joan Dixon. Bob recently bought a Crescent Gold Dust gelding from Burkes at Westlock and Joan is interested in finding a nice mare. Basil Manary has been putting in some hours working ...cont'd >

with Drummer (Uphill Indian Drum), driving him so he's responding to the reins, whoa and back up. I've been the helper, standing in the stirrups, shaking the saddle and climbing on and off him. We have yet to pack him and lead him from another horse which is another good "de-spooker", but so far he's taken it all very calmly. Drummer will be three next spring and trying out for a spot on our pack string.

From JO KINGSLAND, STONE VALLEY WALKERS, ALIX, "Congratulations to Ron Bannister and family of Mirror, AB. on their purchase of my 6yr old gelding, "Toffey" (Irish Coffee HBR)."

"Toffey" was the first foal I have ever planned, raised and ridden. He was the first Alberta-born purebred sired by Honey Boy's Rebel. He was entered in the Canadian Futurity at birth, missed his weanling class but won both his yearling and two year old classes. "Toffey's" dam (Candy's Bay Lady 2) has proven to be one of the most athletic TWH's around, sure-footed in the mountains and fast enough for Intermediate Competitive Trail. "Toffey" has inherited the best of both parents and has bonded so well with Ron it would be difficult for anyone to pry them apart! Happy trails, Ron!"

From Jean Rempel, ROCKY SLOPES FARM, "Guess it's winter again, at least there is a couple of inches of snow on the ground (there would be more except it rained) and a chill in the air. The horses aren't too hairy yet, just kind of fat."

"In Oct. I planned on going to Carrot River, Sask. to visit my in-laws.

The Thursday before my planned departure, I was out back in the corral. On hearing a vehicle drive in and the dog start barking (no one else was home) I went back to the house to find a couple from Sask. at the yard. They were looking for a young Tennessee Walking Horse, preferably a colt or gelding."

" I had no idea they were coming (they had phoned early in the morning, asked for me and was told I wasn't home from work yet). Armed with a (borrowed) copy of the *Walking Horse News*, they drove to Winfield, stopped at the store, got directions from someone and drove on out."

" When I heard that, my faith in continuing to advertise was returned full fold. It didn't matter if they bought a horse or not, here was a person who had armed himself with the information needed and proceeded on a search for a horse, through Sask. and into Alberta. We went out and looked at the horses and he liked a yearling gelding and a weanling colt. When Diane and Mary got back from shopping, they brought up Diane's gelding, Golden Nugget, and her filly, A Touch of Classic, and Diane took him out on a short ride mounted on Classic (full sister to the gelding he liked)."

"As a result, Diane and Mary are pleased to announce the sale of the 1992 gelding, "Echo on the Wind" (Northfork Sky Walker X Chapie's Belle), and the 1993 colt to be named "Rev's Monarch" (Northfork Sky Walker X Bush Baby's Beauty) to Mr. Ivan G.Fulford of Pelly, Sask. These youngsters are the Fulford's first Tennessee Walking Horses, and we wish them all the best with their new horses".

"My trip to Carrot River took place on the Tuesday as planned but with a bit of extra running around getting brakes and tires etc. checked on the trailer, and a phone call to my sister-in-law in Sask. to arrange for a stall for the horses over night. I got to Carrot River at 9:15 PM. Tuesday (520 miles or 837 Km) and Ivan Fulford arrived at 9:30 AM. Wednesday to pick up the colts. There were no problems going or returning..."

## DUSTY FILES - 15 Years Ago in WHN

Volume 2, #5 from October of 1978 had six pages and began with a report on the DeWinton Clinic. About 60 people from B.C., Alberta, Saskatchewan and Montana attended to hear the TWHBEA's Sis Wolaver (now Sis Osborne), John Price and Lee Liles tell us all about Walkers. Mr. and Mrs. Larry Malick and Helen Williamson and family were instrumental in organizing it.

There were eight new subscribers welcomed. I notice that of those, only Mr. & Mrs. K.K. Coburn are still subscribing all these years later.

A note about shows says that the turn-out at Lloydminster was disappointing with only the Davies of Duffield and Helen and Carol Williamson

of Calgary bringing some Walkers to show.

Advertisers included Darlene Moore of Boissevain, Bill Howes of Ardrossan, George Keillor of Vanderhoof and Jack Chapman of Stettler, all with partbreds for sale. Marjorie Fabro of Kimberley, Helmut Penner of Kamloops and Arne Hauge of Calgary all had purebred Walkers for sale.

## 10 Years Ago in WHN

Volume VII, #6 had an interesting item - a discussion on TWH prices. I think I'll reprint the whole thing here and see what you all think ten years later:

### WHAT DO YOU THINK?

What do you think of current prices for Tennessee Walking Horses? Are they too high? Too low? About right? Or don't you know what constitutes an average price these days?

I've heard from both buyers and sellers about pricing Walkers. Sellers tend to be reluctant to advertise prices. Buyers are disappointed when there is no price listed on a horse that interests them. Here are some comments.

Ann Tonn, B.C. writes, "Why do so few people put a price in their ads? Are the others so ashamed of the price that they dare not mention it? Surely if a note were put at the top of each ad stating that all prices are subject to change without notice, and if ads mentioned "Firm" or "Negotiable", then we poor, budget minded buyers could have a better idea of what is available in the price range we can afford. Without the price in the ad we must spend money and time inquiring, only to find that the price is, regretfully, beyond our means. How about it, Folks?"

In the same vein, Lawrence Simpson, Rosetown, Sask. says, "One thing I would like to see everyone do is put down what they want for the horses when they advertise them for sale in your paper. It saves a lot of phoning and writing. I sometimes think they are ashamed of what they are asking."

I think the problem most of us have with pricing our Walkers is a lack of information on what they are selling for in general. Consequently, we are unsure of what to ask. About the only guidelines we have are what we ourselves paid for the horse or what it cost us to raise the animal. Training adds another variable, as do age and sex. Inflation throws another curve into it since a dollar now is worth much less than it was ten years ago. If you bought a mare for \$900 in 1971, that means that a comparable mare would be somewhere in the neighbourhood of \$2250 in 1983 dollars!

So perhaps a market survey would help us all out - buyers and sellers. If you have bought or sold a Walker in the past couple of years and would like to help out with this, please fill out the form below and send it in to me. All information will be kept absolutely confidential. I'll tabulate the information I receive and report back to you in a future

issue on average prices and highs and lows out of number received. Send the form anonymously if you like.

YES, I bought/sold a purebred, registered Tennessee Walking Horse in the past 2 years:

Well broke,settled in gaits \_\_\_\_\_ Green broke \_\_\_\_\_ Halter broke \_\_\_\_\_

If you've bought more than one or sold several, just list the above info on another piece of paper and send to WHN, Box 7326, Edson, Alta T7E 1V5 It should be very interesting if we get enough replies to establish an average.

Do you want to do this again? Once every ten years should show us some interesting trends! As before, your replies will be held in strict confidence or may be sent anonymously if you like. Let's hear from you! I'll report on the ten years ago survey in a future "Dusty Files".

### 1993: A YEAR TO REMEMBER ~THE HIGHLIGHTS!~

From RON, PAT, CARLA & KELLEE BANNISTER  
at WALKAWAY FARM, Mirror, Alberta

The year started with Jackson's Sur Prize, a nice gentle gelding. With a week's training we were off to the training show in Stettler. Robin & Dianne were great! Then to get ready for Competitive Trail Ride in Tees. Oops! - sold horse. Topper's June Bug arrived & his training commenced only 3 weeks before the Tees ride. "Happy", Lemke's nice big 4 year old also arrived for training. We're at it now! - work & ride 'til dark, first one, then the other. Topper's June Bug & I go to the Tees ride and come home with 5th place in Novice Heavyweight. Good horse. A couple of weeks later "Happy" goes home.

One mare had already come to Royal Dictator for stud, and more are showing up one after another. That's good. "Toffey" (Irish Coffee HBR) comes to finish training. Nice Horse. Still riding daily. Our mares have their foals, both stud colts. Nice Babies. Enter only one in the Futurity, no time to prepare two! Not to be missed, in our spare time we are riding at all the Poker Rallies.

Royal Dictator has been busy at home and also took a trip to visit my sister's four mares at their place. Then back home for some more at home, then down to Jack & Madeleine Chapman's for a couple more.

In July all stops - time to go to the mountains for a week. Took Topper's June Bug and "Toffey", both to be ridden, one day on & one day off. Nice holiday. Back home, "Toffey" goes home and it's August already and feed making time.

Marree (Koca Marree) comes for training for the Two Gait class at the Futurity. Colts to get ready also. Royal

Dictator now at home to rest. Mare ready, colt ready & yearling ready - cross fingers - it's "show time". Bad luck, mare gets hurt & can't go. So off we go with just the colts - our first show ever! Colt is a nice boy. Due to his ability (not mine) he won 1st in Weanling colts. Yearling took a third, needed more to eat. I thought I had fed him but he's growing so fast. Home from the show, maybe "slow time" is here. Nope. Rev.Jackie wants her horse trained, a nice big, strong 4 year old. Oh well! Why not?

November 8th: Jackie picked up "Sonny" today and took him home. Colts are weaned. Royal Dictator has gained back some weight. "Toffey" is back at our place to stay (thanks to Jo Kingsland), and all is well.

[P.S. from Pat: Yes, even though we do just pass in the night, Ron & I are still married!]

To all who had their mares at our place, thank you from us & Royal Dictator.

To all who had horses trained, or bought horses, we thank you.

To All A Merry Christmas & Happy New Year ('94)

## TWHBEA MEMOS

by Marjorie C. Lacy

The TWHBEA now recognizes 3 Canadian provinces, each with a Director to represent it.

ALBERTA - Marjorie C. Lacy, Box 7326, Edson, AB T7E 1V5 723-2547

BRITISH COLUMBIA - Marjorie Fabro, S.S.#1, Site 10, Box 17, Kimberley, B.C. V1A 2Y3 604-427-4233

ONTARIO - Ruth Vdovich, R.R.#1, Pickering, ON L1V 2P8 905-683-9158

SASKATCHEWAN & MANITOBA are part of Region #3, along with four mid-western States.

QUEBEC & NEW BRUNSWICK are part of Region #4 along with 8 eastern States, Germany and the Netherlands.

I suggested to Mr. Bob Cherry, Executive Director of TWHBEA, that Canada should be considered one region with one director. Then each province would get its own director when it reached sufficient membership, just as has already happened with Alberta, B.C. and Ontario.

He replied, "Please be assured that in August of 1993 when we align and re-align our states and regions for our Directors election, we will develop a region made up of only Canadian provinces, and they may break out of that region just as our states break out. It's an excellent idea and thank you for bringing it to my attention."

I will let you know when I hear anything further on this.

I am again unable to attend the Annual General meeting of TWHBEA on Dec. 4, but I wrote President Bill Harlin Jr., Steve Wirts, Pleasure Horse Div., Jack Mitchell, Enforcement Div. and Bob Cherry, Executive Director, with these concerns.

1) I support bloodtyping of foals only when they go into the breeding herd or begin showing. I don't think it's necessary to bloodtype them before then.

Victoria Chism, a Tennessee Director, is pushing for this amendment to the present rules.

2) To make the registry as honest as we possibly can at this time, I believe that parentage verification should be done whenever the info is available on all mares and stallions that are producing or siring foals. Those that don't match the parents listed on their papers should have their papers re-issued with "Parentage unknown" on them. We shouldn't just turn a blind eye to false pedigrees when we have the information and knowledge to correct them.

3) Since there is apparently a problem in the flat shod ranks of show horses with people using shoes larger and heavier than the rules state, enforcement must be stepped up and no time out should be allowed if a horse throws a shoe in competition. The latter was Mrs. Osborne's suggestion in her article, "If the Shoe Fits, Wear It", in the Sept/Oct '93 *Voice*.

I'd like to hear from you on any of these matters.

*[Editor's Note: I asked Rose if she would write this story for WHN. Russ and Rose were among the very first Walking Horse owners I got to know back in the early seventies. We spent some enjoyable times together. We helped put on a TWH demonstration or two at Lloydminster and we were three of the five founding members of the Yellowhead Club, formed in 1979. There are many untold adventures here but, as Rose says, "To tell the story properly would fill a book."]*

Russell Davies of Duffield, Alberta passed away on August 14, 1993 from cancer. He was 66 years old.

Russ not only loved horses, but was a skilled rider and an avid horseman. He especially enjoyed working with colts, gentling and training them under saddle and in harness.

Russ on Sam, Laura on Sing Song. Waterglass class, Lloydminster show.

It was not until about 17 years ago during a visit to Calvin and Maxine Miller's Double Diamond Ranch at Rhame, North Dakota, that he really got "hooked" on the Tennessee Walking Horse. We bought three head from Millers that fall, two yearlings, Ebony's Miss Image and Ebony's Dakota Spell, and a five year old sorrel mare, Flyer's Sing Song. Russ enjoyed working around them. Bringing out their true gait was a challenge and they were great to ride.

Russ was working full time for Calgary Power at the Sundance plant as well as farming a rented quarter bordering Duffield. This didn't leave much time to enjoy his horses but for the next few years he always had a few. Some

we bought, some we raised. If we bought a new horse, another had to be sold, so the members of the herd were always changing. The only two that stayed around for years were Sing Song and later Pride, a Walking Pony we bought from Joyce Patterson at Cawston.

Two years after we got our first Walkers, we went down to Millers again and brought back Sun's Country Sam and a brood mare, Flyer's Bumble Bee, full sister to Sing Song. Russ broke Sam to ride. Laura, our third daughter, had taken Sing Song on as a 4-H Light Horse project. She showed her a number of times and came home with quite a few ribbons. Laura and Russ used to put on reining demonstrations with the two sorrels.

After the girls left home, Russ became more interested in trail riding. Sing Song was well broke and gentle, and

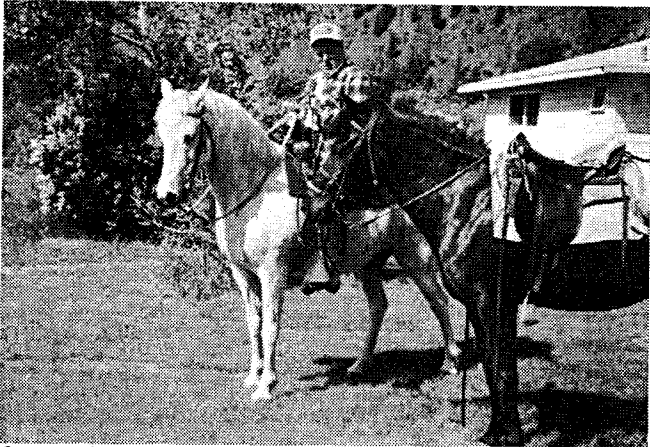

Russ and "Mac"

Rose began riding the trails with Russ. Usually Russ was mounted on a green colt.

Mac, a grandson of Midnight Sun, the

big black gelding he bought at Stoughton, Sask. was perhaps the most memorable horse Russ owned. There was only one thing wrong with Mac - he was just too fast! Russ hated riding alone, so we sold Mac and bought Pride, the Walking Pony.

Sing Song and Pride were the perfect pair for trail riding. They were both sure footed, quiet and dependable, and would boogie right along. It was a very sad day for us when Sing Song had to be put down at age 17. We were riding in the Cyprus Hills of Southern Saskatchewan when she developed a twisted bowel.

After this, Rose graduated to riding Pride and once again Russ was mounted on a green colt.

Russ retired just before Christmas, 1987. He started restoring horse drawn vehicles and breaking his horses to drive double in harness. He also started hooking all-wool saddle blankets.

Pride became his "breaking horse". She was not too happy with her new chore but she tolerated being hitched up with a green colt in harness. The team was put to good use as there is always something that needs to be hauled around a farm. Russ also enjoyed taking his grandchildren and friends for rides behind his high spirited Walking Horses. The first team he broke out were Peace River Nugget and Peace River Breeze, two fillies we'd bought from Laverne Lundgard. Russ drove the pair in a number of parades and playdays.

In the summer of 1991 Rose and Russ rode Pride and Breeze as outriders on the

Lindbergh Wagon Train. We really enjoyed ourselves. All we needed was a sturdy team of Walkers and a light Covered Wagon - what a way to spend the summer!

With two more teams coming up - a team of roans we'd raised and a team of sorrels we'd purchased - Russ decided to sell Nugget and Breeze. As he said, "If I keep them I'll never get around to training these youngsters!" So Laverne bought back Nugget and Breeze.

The summer of 1992 we found the "makings" of our wagon in Cadomin - an old democrat chassis. Russ got right to work on making the undercarriage, and the wheels we bought from the Amish in Ontario. The "makings" of our wagon team we found in Absarokee, Montana. Dan Aadland had two well matched full sisters. They were white, big and strong, and well gaited. One was a three year old, and the other was a long yearling. The two young teams he'd been working with went to Daryl Roth of Darwell so Russ would have more time to devote to his new horses.

Harness breaking Absarokee Snow White (left) with Pride

Then, just before Christmas last year, Russ learned that he had terminal cancer and that his days were numbered. But life still goes on. He spent the winter driving Pride and Snow White when the weather was nice, and working on the democrat in the garage or hooking his

rugs when it was colder.

This spring he sold the team of whites to Daryl Roth and Pride back to Joyce Patterson. We had a farm sale on May 1st and soon after we delivered Pride to her former home in Cawston.

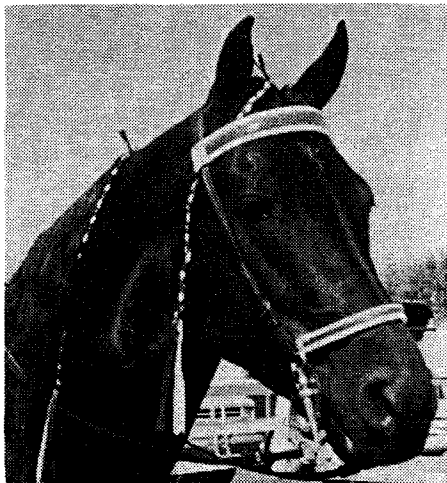

On June 3rd we left for Alaska. We had planned this trip for years. Our friends, Larry and Nettie Selland, had their motor home and Russ and I had our truck and camper. Russ' health was failing but we were not too worried. Both Nettie and Larry were good drivers and could take over our outfit if the need arose. We put in fairly short days but Russ drove every mile to Alaska and back. We enjoyed the trip. While we were in Anchorage Russ tried to trace Mark Green, the man to whom we'd sold "Snowy" (Traveler Snowey W. 783686) years ago. He learned that Mark had left Alaska a few years back and had later passed away. The people remembered Mark's big white horse but didn't know what had become of him.

After we returned home from the trip the first week in July, Russ' health was failing fast. We took him into the Misericordia Hospital in Edmonton on July 30 and he passed away on August 14.

The last 17 years of raising, training and promoting Tennessee Walking Horses were happy ones for Russ as he loved working with the gaited horses. He wasn't a man for the show ring but he enjoyed showing his horses on a more personal level - on the trails he loved to ride or with the teams he loved to drive. The horses he gathered, raised and owned are scattered from Manitoba to Alaska and his hand-made saddle blankets were sold to people throughout Saskatchewan, Alberta, B.C., Montana, Nevada and Washington.

Russ, his horses and his blankets, will long be remembered.

### *The Horse's Prayer*

*To thee, my master.  
I offer my prayer.  
Feed me, water me,  
and care for me.  
And when the work is done,  
provide me with shelter,  
and a clean dry bed,  
and a stall wide enough  
for me to lie down in comfort.  
Always be kind to me,  
Talk to me.  
Your voice oftens means  
as much to me  
as the reins.  
Pet me sometimes,  
that I may serve you more gladly  
and learn to love you.  
Do not jerk the reins.  
Never strike, beat, or kick me  
when I do not understand  
what you want,  
but give me a chance  
to understand you.  
Watch me,  
and if I fail to do your bidding  
see if something is wrong  
with my tack or my feet.  
Keep me well shod.  
Examine my teeth when I do not  
eat.  
Do not tie my head  
in an unnatural position,  
or take away my best defence  
against flies and mosquitoes,  
by cutting my tail.  
I cannot tell you in words,*

*when I am sick,  
so watch me,  
that by my signs,  
you may know my condition.  
Give me all possible shelter  
from the hot sun.  
Put a blanket on me  
when I stand in the cold.  
Never put a frosty bit  
in my mouth;  
first warm it for a moment  
in your hands.  
I try to carry you without murmur,  
and wait patiently for you  
long hours.  
Remember, that I must be ready  
at any moment,  
to lose my life in your service.  
And finally, oh, my master .  
when my useful strength is gone,  
do not turn me out  
to starve or freeze.  
Do not sell me  
to some cruel owner,  
to be slowly tortured.  
Do thou, my master,  
take my life the kindest way,  
and your God will reward you,  
here, and in the hereafter.  
Do not consider me irreverent,  
if I ask all this  
in the name of He,  
who was born in a stable.*

 Walker Words:  
 TENNESSEE WALKERS

## A "FINO" AFTERNOON

by Allanna Jackson

On November 6 I went down to a Paso Fino Open House at Pinal Mountain Paso Finos in Globe. I spent about four hours watching and being an unofficial information source on Finos.

One couple I talked to have dogs for dog trials and have seen a lot of Walkers and Fox Trotters. They are both of average height and said, several times, that they really liked the Fino's size (between 14 and 15 hands). Several people commented favorably on the size of the Fino and liked them better than Walkers for that reason. The one lady who does dog trials was asking why the riders had their hands so high on the Finos. I was able to tell her about posture and gait. She knew enough about collection and getting strung out to understand it right away and a few minutes later tried riding one of the Finos.

Right after talking to them another lady and I were watching a Fino gelding that wanted to trocha when going from a walk to a canter. I knew the horse could corto because I'd seen him doing it earlier when his owner was riding him. I told the lady why he wasn't gaiting and what the rider could do about it and assured her that he could gait. I didn't realize that his owner was sitting on the fence in front of us until she turned around and thanked me for my comments about how nicely she'd had the horse going earlier.

It wasn't more than a couple of minutes later that Carol, the hostess and

owner of Pinal Mtn. Paso Finos, brought that gelding over and offered to let me ride him. I don't think she knew that I'd been telling people how to ride them! The people I'd been talking to were all hanging around watching while I tried to ride the corto as well as I talked on a horse I'd never been on before. He still wanted to trocha but I did get what seemed like a decent corto most of the time.

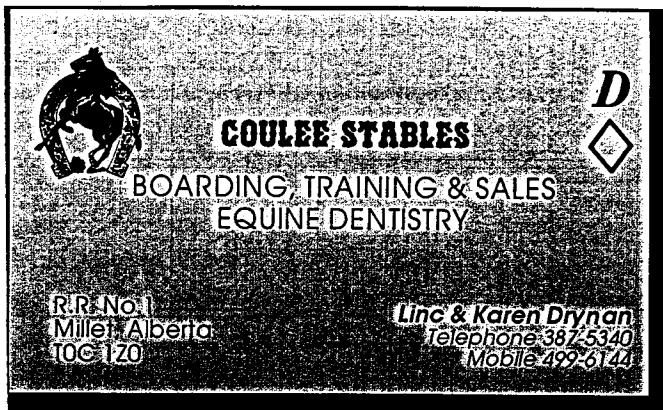

The open house was a pleasant change of gait. No one was trying to claim that the Fino was better than other gaited breeds. The people who knew I had a Walker didn't bad mouth the Walker or try to force me to get a Fino. Every Fino on the property had genuinely inherited the natural corto gait, though there were a variety of styles. Some of the horses were inclined to trocha and others tended to be a little pacy but everybody was perfectly honest about it when it happened. One of the Finos, a gorgeous buckskin, moved like an extremely tight Walker, complete with very slight head nod.

The spectators who had never seen Finos before could see when the horses were on gait and when they were off a little bit. During the course of the afternoon I talked to several people who got more and more interested as they talked and asked questions. After a while they felt like they really could ride one and get it to perform correctly. And they did.

Spectators weren't overwhelmed by the difficulty of riding the corto, because it isn't hard. They weren't fed a bunch of conflicting standards and then made to feel stupid for getting confused.

The demonstration performances were all good. They didn't have to explain away any funny business because there wasn't any to explain. All the horses had been worked enough to perform correctly at whatever level was appropriate for their age and development. Every horse old enough to wear a saddle was ridden at one time or another during the afternoon.

Most of them were what Carol termed

"emerald green broke". For \$4000 to \$7000 you can buy a green broke Paso Fino from Pinal Mtn. Paso Finos. What you get is a purebred registered mare or gelding with excellent conformation, a gentle disposition, and the correct natural gait. These horses have been handled from birth, and are easy to shoe, doctor, clip, groom, lead, load or just plain mess around with.

You can ride them with any saddle you like or no saddle at all. They have been trained with a simple leather or rope bosal and are extremely responsive to leg aids and weight shifts. They will walk, corto, canter, and stop faster than you can from any gait. They stand perfectly still for as long as you want. They will back in a straight line, sidepass both directions, turn on the forehand or the hindquarters, open gates, go over obstacles, go out on the trail or in to

town. Some of them have been started on cattle and used for team sorting. You can mount or dismount from either side, pull on their ears, put your legs up on their shoulders, lean back on their hips, pull their tails, poke their flanks, etc. If you get off balance while mounting, they'll step underneath you to help you on.

Carol considers all that "green broke"! How many \$4000 Walkers are green broke that way at any age? She has most of her horses doing it in the first 45 days under saddle. The horses aren't started under saddle until after their third birthday. The first three years they get lots of ground work, ponying and handling.

But no, I'm not going to buy one. The corto gait is too busy for my tastes. ¶
