## On Our Cover

Greg and Maureen  
Germseid are shown on a  
Kooteney Plains ride early  
last spring. Maureen writes,  
"I'm riding my old girl,  
Splash (Invasion's Lady  
Estar) and Greg is on a  
young gelding named Rocky  
Mountain Scout. It is inter-  
esting that the Kooteney  
Plains where this picture was  
taken was the first place I  
ever saw or rode a Tennes-  
see Walker. It was our first  
mountain trip and Neil Hub-  
bard was our guide. He let  
me ride his TWH mare -  
and I was hooked.  
That was in 1979."

Volume XXXIV, # 1 January/February, 2010

Dear Subscribers,

Happy New Year! We have a new year *and* a new decade to look forward to, and there's lots to be optimistic about. Our horses are better than ever, and owners are becoming more knowledgeable about the horses and how to ride them. There are a host of books now available about gaited horses. Walkers are no longer a rarity in Canada, and are increasing in popularity as the pleasure horses they are. It's a good time to enjoy your Walkers!

I hope you enjoy this first 2010 issue of *Walking Horse News*, too. Thanks once again to the cover advertisers for their support, and the opportunity for *WHN* to have a colour cover. It really is a treat to be able to print at least *some* of your great photos in full colour. Wish it were possible to have the whole magazine in living colour on glossy paper! But that's not affordable, so how many of you would like to see an e-mailed or on-line magazine?

I've put a little note in the back (p.22) advertising *WHN* subscriptions. If all of you help to get the magazine out where people will see it, I'm sure the numbers will go up. *Walking Horse News* is not available on newsstands, and non-subscribers see it only at trade fairs, horse expos, shows and such. So your help would be appreciated.

I *am* very grateful to all those of you who buy gift subscriptions for your customers and friends. That's a very generous thing to do, and it helps increase the number of people who are learning about the breed and staying in touch, so if they do have questions or problems, they can find someone knowledgeable to ask. Thanks too to those who pass along the names and addresses of people who have just bought a Walker or are searching for one. *WHN* is pleased to send out a complimentary copy to newcomers.

Thank you to all the people who sent in stories and news, photos and ads, opinions and reminiscences. Once again the call is out for your stories and photos. (See page 4.) Let's hear from you! There's no *News* without you.

The best to you all in 2010,

*Marjorie*

WHN makes a  
great gift!

# What do YOU do with your Walkers?

## *These folks drive theirs ...*

PAT SHWALUK, SHOAL LAKE, MB, writes, "Above, we were using our half TWH team in a parade. My husband Dan is the teamster and our youngest son, Tim, and I are the passengers. The carriage belongs to our local museum, and was lent to us for the occasion."

"We also use the team to go into the outback of Riding Mountain National Park. Both horses are broke to saddle so once we have made camp, we can saddle up and go riding. We raised these two from babies."

From J. GLENN ROBINSON, G2 RANCH, MILLARVILLE, AB "Below is a picture of my Tennessee Walking Horse 4 Hitch Team. The horses are all full brothers out of Eb's Jet Stream by Midnight Toddy. All of these horses went through the CRTWH Futurity when it was held in Olds. They all reside at the G2 Ranch at Millarville, Alberta.

The order of the horses is:

Left Lead: G2's Ebby's Rainy 17 hh    Left Wheel: G2's Ebby's Sir Prize 16:3 hh  
Right Lead: G2's Ebby's Master 16:3 hh    Right Wheel: Ebby's Silver Coal 17 hh

CANADIAN TENNESSEE WALKING HORSE  
**HISTORY & HERITAGE PROJECT**

“CANADIAN TIMES OF THE TWH”

The *Walking Horse News* has been running this History & Heritage Project page for over ten years now. At first, you, the readers, sent in photos and pedigrees of your Walking Horses and Dianne Little collected and compiled them. We ended up with over *one thousand* to mark the turn of the century and the beginning of a new chapter in the history of Walking Horses in Canada. They are now preserved in the History & Heritage CD's, still available from CRTWH.

The first person to send in photos for this record was Jo-Anne McDonald of Pouce Coupe, BC. She sent a package of about 60, including pictures of well known sires and dams such as Beauty's Sage King and Little Toot Wilson, Walkers you might very well find if you look back in your own horse's pedigree. *See Sage King above, and Toots below, with Sage King's Gypsy Bay.* Both were originally imported from Pearl Tompkins' ranch in Montana.

Recently the CRTWH Board arranged to have *all* the pedigrees of Canadian registered horses available on the CLRC website. So now the complete record is there for you to consult. But *only* the “Pix and Peds” CD will give you photos of the horses!

I have been printing your Canadian Times stories about your involvement with TWH on this page for just as long. Now it's time to ask if you want to continue this feature.

When we began, I printed a list of questions to help people get started on their stories. Here are those questions again, and I will look forward to your responses. Let's hear from you!

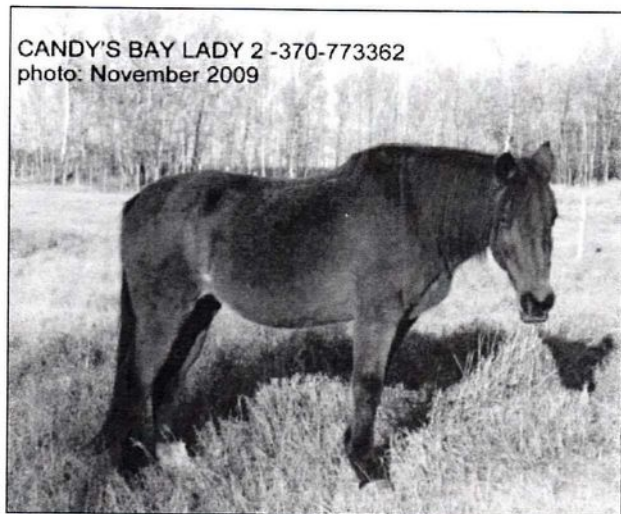

1. How long have you owned Walkers?
2. When did you first become interested in them, and why?
3. How did you come to acquire your first Walker, and what year was it?
4. What was the horse's name? Do you know its registration number? Sire and dam?
5. What do you like about the breed?
6. Why have you stayed with the breed?
7. What would you like to see improved about the breed?
8. If you are breeding TWH, what are your goals?
9. Do you have a favorite photo that you could send of your first TWH?
10. Here's an additional question. If you are searching for a TWH saddle prospect, what do you look for in terms of gait, conformation, disposition?

These questions are only suggestions to help you get started on your story. I know there are many, many fascinating tales of Tennessee Walkers out there. Put them in writing!

*We never think it's history while it's happening. Let's not let any more chances to record it slip by.*

## ALBERTA NEWS

From JO KINGSLAND, ALIX, "I was so pleased to see the picture of Marie La Marr. My mare "Candy" is a fourth generation descendant. (Candy's Bay Lady 2 by Shadows Red Man, a son of Kiltie, out of Fairy Breese who was a daughter of Marie La Marr.) I bought Candy in 1983 with her third foal at side. We've had a wonderful relationship. She raised several foals for me, her last one being a buckskin filly foaled in 1999 when Candy was 22 yrs old. (Panda Capri, now in the Pincher Creek, AB area.) We rode regularly - did a bit of everything - but the best activity we both enjoyed so much was Competitive Trail riding started around 1990. She was a fantastic, sure-footed cross-country horse."

"I am enclosing a "pasture" photo I took this week of Candy, retired now at 32 and a half years old, but unfortunately already in her winter "clothes"!"

I had a phone call from CHERLYN MORRILL, WESTEROSE, who has a 29-year-old TWH stallion, Dakota Midnight Tony (Dakota Midnight x Merry Wilson Bass). Cherlyn's mother owned him from the time he was around two years old. They have raised many good grade Walkers from this old horse, and he also has some purebred offspring.

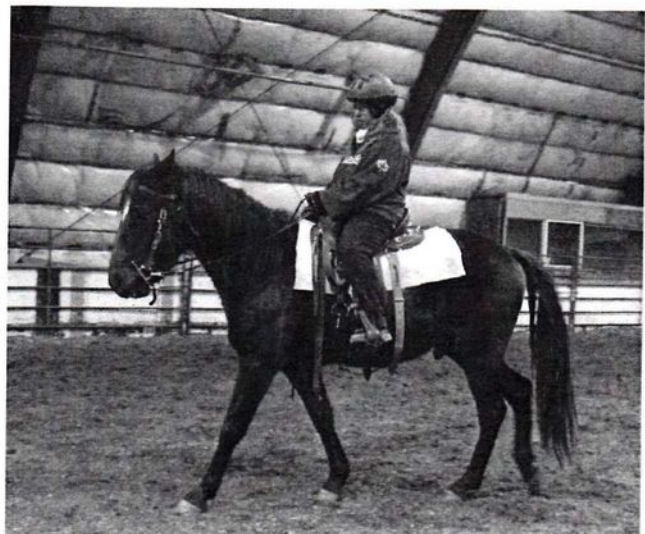

KATHERINE PICKETT, CALGARY, writes, "My brother, Kurtis Gates, and I both own TWH. I have a grey mare and my brother has a couple. We are just getting into horses. Our father has always owned TWH and is well known in our area for his knowledge of the breed as well as training. He maintains our herd for us so my brother and I can enjoy them on the weekends when we travel out to see him (near Sundre). It's nice to have them when we want to get away from the city."

Hi from FRAN KERIK, CHRYSTAL STAR RANCH, TWO HILLS, "We are well into winter, with all the usual winter problems! Frozen water, broken hoses, and being cold, cold, cold. But, we are also kidding right now, and the new baby goats are so darn cute, bouncing around the barn, it makes it worth it to brave the elements. It reminds me that spring isn't really that far away. We are expecting one foal this year, Scarlet and Money cross, so it should be really nice."

"I'd like to thank all our customers this past year. We had a busy year selling horses, training, and fitting in a few lessons. Met lots of wonderful people and made new friends. We also took in a show and a fun show, went on lots of trail rides and challenged ourselves with new experiences."

"I'm so looking forward to the New Year. I've got some 3 and 4 year olds that I'll be training, and have the two-year-olds and yearlings to play with. Lesa and I have been making a concerted effort to get to the arena at least once or twice a week. It's a great place to take a green horse, with all the new experiences they see there. And no ice! Although I did hook up Wilbur, a three year old to the toboggan, and took him down the road. What a blast! So now I want a proper harness and sleigh."

"We are very proud of our stallion, Rascal. He is everything I could ever want in a Walking Horse, and he passes his most desirable traits on to his offspring. His get have earned the reputation of being well gaited, kind, quiet horses with a desire to please. *I've included a picture of Wilbur (CSR Lickity-Split) at the arena, below: This was only his second ride. He is the colt featured in my stallion ad.*"

From KARLA FREEMAN, RIDE EASY RANCH, BENTLEY, "Hello. I trust this finds everyone doing well after the holiday season, and that Santa was good to everyone. I wish I'd received everything on the *WHN* 'Christmas Gift suggestions list'! (Below, Karla & Roy check the Xmas mail.)

"I really enjoyed the Christmas Get-Together with the Easyriders Club. It was fun! There was a great turnout, and it was nice to see and visit with you, and meet new folks."

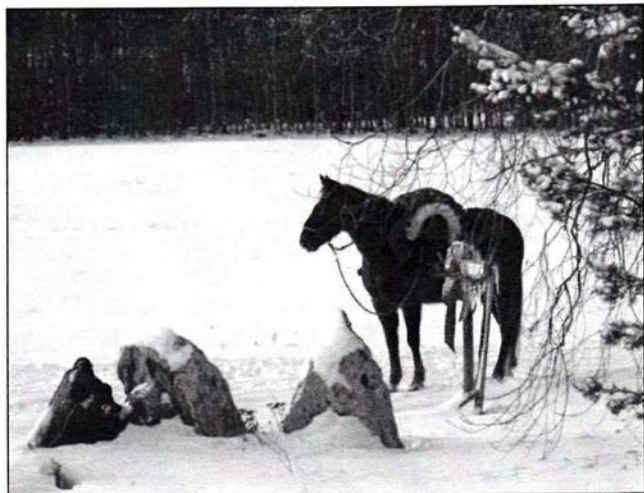

It has been so windy for riding this winter (not to mention the cold), that I haven't put in as many hours in the saddle as usual these past couple of months. The sleigh is under a huge heap of snow, and it hasn't made it out yet. It certainly makes one appreciate the nice fall days we *did* have here."

"I have had time to read some horse books and mags, and really recommend the *Walking Horse News*, (especially the last issue with a *really* good horse on the cover!). Another book I enjoyed this fall was Back Yard Training Tips, by Allanna Jackson; it has much in it that is just good useable information. I also read some of the fun stories from the Chicken Soup Book For Horse Lovers, and a Cowboy Quotes. So now I have some jokes too."

I did get some training done with my coming four year olds. As soon as we get some above minus 15 C temperatures, I'll be looking forward to at least getting the calf sleds going behind them! The 2009 colts have all been haltered, and are getting friendlier as I go out and fork them hay (just so they *know* where the hay comes from.) The cats have been in training too, but they just don't seem to want to ride as long as I do. I will have to work on that."

"I now have a corral available for keeping horses here, if anyone needs a stop-over place. It's well apart from the other horses, and is qualifying for a quarantine area, if needed."

"Take care, Everyone, and happy horse paths!"

## BRITISH COLUMBIA NEWS

DON AND JO-ANNE McDONALD, POUCE COUPE, write, "We have purchased the mare Royal Class Double Delite from Jayne Walker. This mare is sired by our old stallion, Misty Dark Delite, out of Jayne's mare, Patchwork Delight. We have admired this mare for quite a while now and are pleased we were finally able to purchase her. Thanks, Jayne." *Royal Class Double Delite is shown above.*

"We also had the pleasure of selling two 2 year old fillies to Charles and Marjorie Lacy of Edson, AB. These two lovely fillies are sired by Uphill Heir Trigger and out of the following mares. Duplicate Diamond is out of Maybee's Memory and Smokey Mountain Melody is out of Yankee's Melody Maid. These are two very nice fillies and I am sure that they will have a wonderful new home."

"I have been having a great time now that the Canadian TWH Pedigrees are up and running on the CLRC site. The best part of all is that they are FREE. Nice to look at a mare or stallion and be able to follow their progeny down through the years. (That is, if the owners have been diligent in keeping the record up to date. The record is only as accurate as the people who change the papers when an animal is sold.) Go have a look; it is great fun, especially if you enjoy the pedigree end of things."

"That is about all now from the Peace. Have a Happy and Prosperous 2010, Everyone!"

I (Marjorie) was talking to BILL ROY of GRINDROD the other day. He had come across a book at the local library by Mark Rashid, entitled Whole Heart - Whole Horse. Bill says, "If you can find this book, *read it*. I don't think there's a better book out there."

## MANITOBA NEWS

JENNIFER SIMONS, ST. ANDREWS, writes, "I'm looking forward to my first issue of *WHN*. I'm trying to do a bunch of reading *BEFORE* I purchase my first TWH. I want to do endurance with him (I used a pony mare before), but I am also the most experienced horse person in my family. Hubby is new to horses and we're expecting a baby. I want a horse I can trust around them! After hearing about Bruce Weary's Tevis story on RideCamp using his Walker, and meeting Rachel Hill's of Ontario, I am convinced I can find a Walker to suit my needs!"

From KEITH DOLL, DOUGLAS, "Where has the time gone? Spring was cold, we had a strange summer, and the hay only produced about fifty percent of normal. Crops were late but apparently quality and quantity were good. September was an excellent month – *No frost!* Harvesting was all but done by early October."

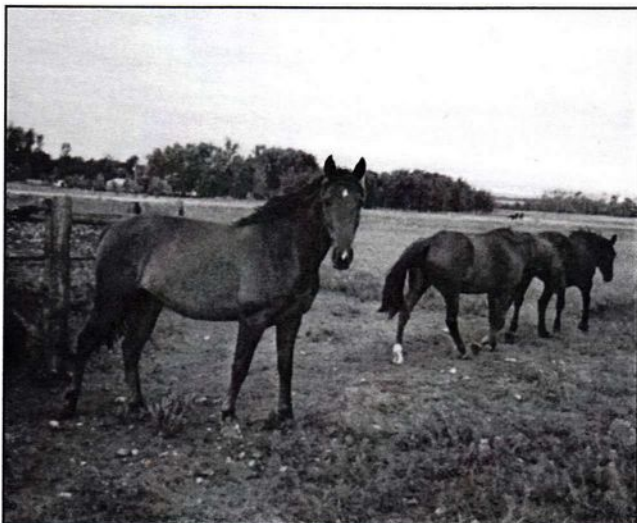

"My horses are fat and saucy. A beautiful bunch – but they're eating me out of house and home. Pretty soon I'll be retired *broke*, and they'll be retired – *unbroke!*"

"My 20 year old, Dakota Dusty Doll, has found her retirement home. She is now with Darlene Moore of Boissevain. Darlene has been driving her lots on the buggy and spoiling her rotten. (And she deserves it!) Here's wishing them many years and happy trails."

"I was talking to Bill Arndt of Strathclair and they have a weanling stud colt coming from Utah. I believe he said it was champagne."

"Otherwise, news is pretty scarce here, so all the best, and Happy New Year to everyone."

*Below, some of Keith's Walkers head out to pasture.*

## FROM OUR READERS

### Responses to BOOMER & the BOG:

Quite a few people commented on this great story by Genevieve Amy, and some suggested sources of information for Gen about her new 'old boy'.

An e-mail from LISSA TOWNSEND, COCHRANE, AB, says, "Gen Amy should get in touch with Luigi Valentini (his ad in *WHN* is V4 Stables, pg.19). He owned Boomer's sire, Tom Dooley's Mister."

RONNA HORSMAN of KEREMEOS, BC phoned and said she knew Boomer well, since she and his former owner, Pat Everatt, used to ride together. She said Pat did a lot with the horse, who was always a nice quiet lovable fellow. However, a few years ago Pat had to give up riding and Boomer went to live with a neighbour where he wasn't being used. The saddle with the DD mark on it was made for Boomer by saddle maker Diane Francis.

So thanks for the information, and I'll pass it on. We *really* miss your e-mail address, Gen!

### MORE ON WINTER PAWING

From JANET CLARK, JUNCTION CITY, OR, "Interesting tidbit in Winter Pawing about crude protein levels for reed canary grass being above 10 percent. I have canary grass around the pond that the horses eat, and it's spreading. I had wondered about it for horses. They don't choose to eat much of it though, as there are lots of other grasses."

JUDY TAYLOR of PRITCHARD, BC wrote, "Really enjoyed Stan Potter's info on winter pawing, even though I have to supplement year round. Couldn't help thinking how fortunate his animals are to have such a caring and informed owner."

### HORSE CHIROPRACTOR

JOAN PENNER, EVANSBURG, writes, "I thought you'd all like to know about a good chiropractor for horses. Dr. Dan Martin lives at Stone Raven Ranch, Carvel, AB. He may be able to help if your horses have back shoulder or leg problems."

"A Happy New Year to all in 2010. Let's hope it will be better for us all."

# FOSH Unveils Database of Horse Protection Act Violators

January 4, 2010

Friends of Sound Horses (FOSH) announced the unveiling of a web site listing over 8,700 Horse Protection Act violators who have received suspensions from 1986 to the present. The Horse Protection Act (HPA) is the Federal law that makes it illegal to "sore" Tennessee Walking Horses and other gaited breeds. Soring is the abusive practice of creating pain with chemical or mechanical means on the front legs and hooves to exaggerate and create an artificial gait for the show ring.

Access to these records is critical to protect horses. Individuals selecting a professional trainer for their gaited horse can research the trainer's violation history. A buyer can verify the seller's reputation for soring. Horse rescues that are placing horses with new adoptees can verify their HPA history before placing the horse. Show management and enforcement officials can familiarize themselves with names of repeat violators, which are listed in one of the search options. The site also provides current data, such as suspension proportions by state, and by violation type.

FOSH is providing the information as a resource for persons who are active, or wish to become active, in owning, breeding and/or showing Tennessee Walking Horses, Racking Horses and Spotted Saddle Horses, the principal breeds subject to regulation under the Horse Protection Act. Users have free access to the information after registering at [www.hpadata.us](http://www.hpadata.us).

Sources of the data include the official disqualification and civil penalty lists maintained by the Animal and Plant Health Inspection Service of the U.S. Department of Agriculture (USDA); violation and penalty information reported by USDA-certified Horse Industry Organizations (HIOs) such as SHOW, the National Horse Show Commission (NHSC) and other HIOs that have participated in the USDA-sponsored Operating Plans, and various public web sites. Any corrections must be directed to the original source HIO which reported the data. There are 13 USDA-certified HIOs at present.

This listing does not include all HPA offenders because the USDA is restricted by budget and only attends about 7 % of the shows. Many industry inspectors have proven to be lax in their examinations when the USDA is not present to provide oversight.

Early records were disorganized and lacking; however, the FOSH database is the most complete listing available today of Horse Protection Act violators.

FOSH is the national leader in the promotion of natural, sound gaited horses and in the fight against abuse and soring of Tennessee Walking Horses and all gaited horses. For more information about FOSH, or to become a member, please visit [www.fosh.info](http://www.fosh.info) or call 800-651-7993.

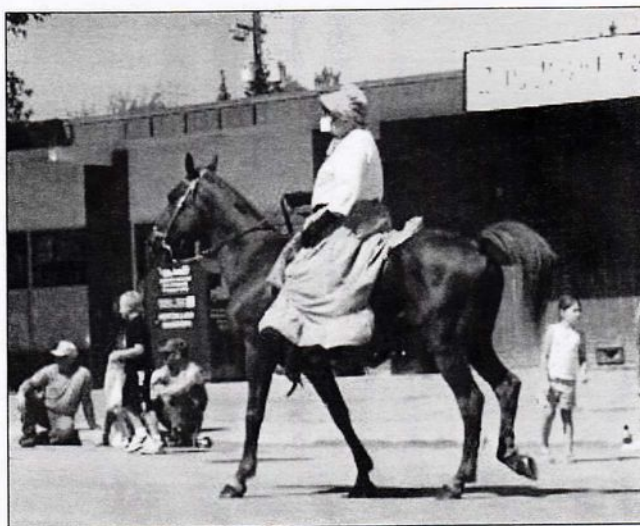

## TWHBEA NEWS

### REGION #7 DIRECTOR

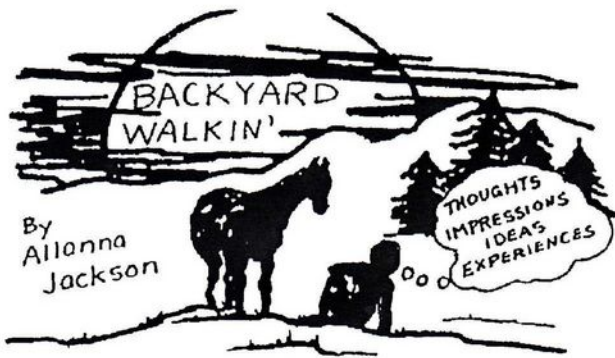

LISA FELLNER, NOLALU, ONTARIO was elected for a 1 year term as director for Region #7. Region #7 is comprised of Manitoba, New Brunswick, Nova Scotia, Ontario, Quebec and the Northwest Territories.

### TWHBEA MEMBER OF THE YEAR

TWHBEA Member of the Year was awarded to ELSIE DARRAH who has generously donated her time and effort over the past several years to assist the Association in better identifying the various coat colors and patterns present in the Tennessee Walking Horse breed. She has also written several very informative articles on coat color for the *Voice* and she has played an integral part in updating the Association's online pedigree database, iPeds.

Do you recognize this "olden days" rider and horse?

## HOW SLOW IS FAST? Evaluating the Speed of Gaited Horses

© Sept 2009 Allanna Lea Jackson

"If the horse has speed at his running walk, and can stay in form, that is well and good; but let us not rack him and call it a running walk. His flat walk should be a distinctive FLAT walk, not a slow running walk." *John W. Taylor*, Eagleville, Tennessee, one of three judges of the 1944 and 1948 TWH National Celebration shows. The 1944 WGC was *Oakwood's City Girl*. The 1948 WGC was *Merry Go Boy*.

"His running walk should be without any trace or degree of rack, pace, or stepping pace. Speed at the running walk is desirable, but form should never be sacrificed for excessive speed. The flat-foot walk should be bold, square and straight, above all, it should stay flat and loose - like a horse going after the cows." TWH judge *O.R. Matthews*, Reelsville, Indiana

"The running walk should be the same form as the flat-foot walk, but with more speed, (yet never sacrificing form for speed) rather than a shift to a stepping pace, racking gait or a trot." *J.B. Smith*, Stanleytown, Virginia, one of three judges of the 1948 TWH celebration.

"The flat-foot walk should be identical to the running walk; but at a speed of about 3 to 4 miles per hour, square from all four corners" *Jack Slayden*, one of three judges for the 1941 Celebration where *Haynes' Peacock* was awarded the World's Grand Championship.

"There is no swing in a flat-foot walk. The running walk should be as near the flat-foot walk as possible, just a bit extended perhaps, and about four miles per hour faster. Most of our horses are over-ridden, not under-ridden. Many times we may be fooled by our eyes." TWH Judge *Henry S. Alexander*, Clinton, Kentucky.

The above quotes can be found in the book *Biography of the Tennessee Walking Horse*, by Ben A. Green, published in 1960. Today the TWHBEA, Canadian Registry of the TWH, Friends of Sound Horses, and National Walking Horse Association all have official statements that correct form at the running walk should never be sacrificed for speed. However, the speed range given for flat walk and

running walk differs greatly among these organizations. Based on the speeds given by the judges quoted above, a 3 mile per hour flat-foot walk plus 4 miles per hour equals a 7 mile per hour running walk. A 4 mph flat-foot walk plus 4 mph equals an 8 mph running walk.

## DECODING THE CLICHÉ

While everyone agrees in theory that 'Form should never be sacrificed for speed', the phrase has become a cliché. What does it mean?

In this context the word *form* means: The essence of something.

Essence is: The intrinsic or indispensable properties that characterize or identify something.

Form is what the horse is doing - the sequence, timing, weight support and weight transfer that define each gait.

Let's re-phrase the cliché. Speed is desirable only if it does not change or corrupt the running walk.

Speed is defined as how fast something moves. Speed is measured by elapsed time over a known distance. Speed is a comparison of how fast or how slow something is. Speed never defines or describes what is happening to attain the speed. Speed does not and cannot define a gait.

## SPEED INFLUENCES GAIT

It is true that the speed a horse is traveling influences which gait the horse does. Each gait has physical and physiological parameters that determine the speed range of the gait. These parameters are biological absolutes that cannot be changed.

The speed range of a particular gait for a particular horse may be slower than the absolute limits for horses as a species; it will never be faster than those absolute limits.

When the horse moves at a speed faster or slower than the physical limits of one gait the horse must change something about the weight support, weight transfer, timing, or sequence it is using. A change in any one of these is a change of gait. Remember, it is impossible for horses to violate the laws of physics and their own physiology.

Recognizing the existence of absolute physical limits on gaits is essential for understanding why some forms of movement are more functional or more desirable than others. Understanding these physical limits reveals when and why horses change gait. Knowing the physical limits of each gait is essential for establishing safe, sound, realistic performance expectations.

Truly humane horse training cannot and will not happen until and unless the trainer respects the unchangeable parameters of all of the gaits inherited by the individual horse. Attempting to compel horses to defy the natural limits of their own gaits is abuse.

# A Summer of Parades

Joan Penner of Wildwood, AB has owned Walkers for many years. She currently owns the black mare, RAINDROPS ON ROSES (Rain) and a classic palomino parade horse with blaze and four white feet, named WALKAWAY GOLDEN HONEY (Honey). This year she and friends, Louise Reigert, George Nickel and Ed Solomon took part in parades in Tomahawk, Entwistle, Evansburg, Wildwood and Alder Flats over the summer with her two horses, and Louise's handsome chestnut gelding, ROSE'S FLASHY CHAP (Flash). Here is a photo report on their 'summer of parades'.

# What Can You Do with Your Horse?

Let's see how mannerly and safe your horse really is.

How much time have you spent with it?

What have you taught it?

## Can you...

**Catch** the horse in a Stall, Paddock or Field?

**Halter** it?

**Lead** the horse Beside you, Behind you and From the Off Side?

**Tie up** the Horse (who will stand for at least 2 minutes) and move in both directions when asked?

**Groom** the horse, touching its head and body everywhere including ears, under tail and udder or sheath? Lift all feet while horse is either tied or free standing?

**Lead the horse** Through an open gate, Through a closed gate that you open and close behind you and the horse? Up a slope, Down a slope, Through mud, Around mud and Through & around water? Can you lead the horse Around distractions, machinery, vehicles or bicycles and Noise distraction of some type? Around other animals (other horses, cattle, sheep, pigs, goats, cats, dogs, ducks, chickens, etc.)? Through an obstacle course? Over and around a safe piece of plywood or tarp? Over poles or logs with uneven spacing? Will your horse move 6 steps over to the left (with light or no side pressure)? Move 6 steps over to the right (side pressure)? Back a minimum of 6 steps?

**If You Had to Doctor your horse, could you** Hose its legs? Show its Teeth? Give it a tube of medicine?

**Can You Dress Your Horse?** Blanket it (not necessarily a horse blanket)? Put on Leg protection of some kind (eg: Polo wraps, shipping boots, splint boots, bell boots)? A Fly mask? Ask the horse to move in these?

**How about Loading in a Trailer?** Does the horse go in safely & readily? Come off safely and in control?

Even if you have no interest in entering the Training Levels Challenge with your horse, this basic safe handling list would be of value to ANY horse owner who wants a horse that is a pleasure to have around. Working with your horse to accomplish these tasks helps build a bond between you, and if you plan to ride the horse – well, it's *good* to have a working relationship! And think of the value of a video showing the horse demonstrating what it knows if you should want to sell it! Just for fun, go out there with your horse and try these. See just what it knows – and what you still need to teach it.

And if the pair of you can *do it all* – find someone to make a video of you doing it!

*To try for the CRTWH Training Level Challenge - BASIC SKILLS Award, a horse must be over 18 months. Basic Skills demonstrates that the horse has been handled from both sides, and is respectful of the handler and is respectful of the handler's space. Any practice deemed unsafe or dangerous, or abusive for either horse or handler/rider, will result in disqualification. A horse that does not respect the handler's space will be disqualified. To continue on in driving or under saddle in the TLC program, all horses must first attain the Basic Skills Level.*

*In all tasks, perfection is not the goal. Safety for both horse and handler, respect and willingness, are what is being judged. It is expected that some new circumstances may cause a horse to stop or refuse. It is not the stopping that matters, but how the situation is handled by horse or handler.*

*It is not expected that the horse should not react normally in some situations, but the horse should also calm down and work through the situation.*

*For more information about entering the CRTWH Training Levels Challenge, see [crtwh.ca](http://crtwh.ca).*

## CANADIAN REGISTRY OF THE TENNESSEE WALKING HORSE

### THE ANNUAL GENERAL MEETING

will be held at Klondike Victory Farm, near Lacombe, AB  
on April 17, 2010, starting at 4:30  
after the clinic stops for supper.

*We'll look forward to seeing you there.*

### 'GAIT FROM THE GROUND UP' Clinic at AGM

With Bill Roy of Grindrod, BC, assisted by Dianne Little of Calgary.

The Clinic will be held April 17 & 18 west of Blackfalds, AB,  
at the Klondike Victory Farm arena. Stabling is limited so book right away!

*The clinic will focus on the whole horse – emotionally, mentally and physically.  
To get the best from your horse there must be communication between you and  
your horse. This journey begins with establishing a foundation on the  
ground and moves to riding. Wherever you are on that continuum,  
this clinic will help you move to the next step.*

It promises to be a fun, enlightening weekend. Hope to see you there!

**FEES:** \$160 for Non-members, \$60 for Auditors. 25% discount for CRTWH members.  
\$25 per night for stalls and a \$15 per horse haul-in fee.

Make out your cheque to **CRTWH**, & send payment to book YOUR spot to:  
**Dianne Little**, 619 Lake Linnet Cres. S.E., Calgary, AB T2J 2J3

or offer your help ahead of time to man the booth, etc.

# CRTWH NEWS

## WHAT'S NEW on the WEB?

Tennessee Walking Horses have joined the breeds represented in CLRC's Electronic Herdbook!

You can now look up any Walker you are interested in checking. The pedigree of the horse, extended pedigrees for sire and dam, birth date, current owner, breeder, progeny, and more are all available.

If you go to

[www.clrc.ca/Members/index.php?association=84](http://www.clrc.ca/Members/index.php?association=84)

on the CLRC website,  
you will be able to find this information.

And good news - it's free!

## NEW TOLL FREE NUMBER FOR CLRC

Ron Black, CLRC General Manager, Ottawa, ON writes, "I am pleased to advise you that CLRC now has a toll-free telephone number that can be used from anywhere in Canada and the United States. Please feel free to make this number known to your members."

As of November 27/09 the toll-free telephone number is

**1-877-833-7110.**

## CLRC MICROCHIPS

Also, in answer to a question from a member, there are microchips available from CLRC for those who want to identify their horses in this way. Go to CLRC.CA for more information.

## DVD SALES

From Jean Rempel, CRTWH Secretary, at the end of December, "A quick report on the Eldon Eadie DVD sales. I have mailed out 14. They have gone to AB, BC, SK, ON, AZ and BELGIUM. I also have a few more inquiries on how to order the DVD from Alberta, Ontario, Wisconsin and Florida."

A *WHN* subscriber, Janet Clark, Junction City, OR, comments, "A DVD of Eadie's video - Yeah! My video has spots where the picture and sound are very poor."

## MEMBERSHIPS DUE JANUARY 1/10

Don't forget to renew your CRTWH membership - \$25 for the year made out to CLRC, 2417 Holly Lane, Ottawa, ON K1V 0M7 or call 1-877-833-7110.

## ELECTIONS

Right: Bill Roy, Vice President of CRTWH, is was re-elected as Director for B.C.

Below: Jean Rempel, AB, CRTWH secretary,

was also re-elected for another 3 year term.

The November nominations for new Directors for Alberta, BC, and Saskatchewan resulted in two re-elections by acclamation. Congratulations to Jean Rempel, AB and Bill Roy, BC, who will each serve another 3 year term. Ernie Wall, SK did not let his name stand again.

No one was nominated for Manitoba, Saskatchewan and Ontario, and BC requires only one director since its current number of members is under twenty.

## Now on DVD!

# From The Dusty Files of WHN

## January, 1980- 30 Years Ago

The Jan/Feb 1980 issue consisted of six pages printed on one side with the Spirit Master mimeograph machine at school. Subscriptions were \$3.00, and the folded, hand addressed sheets were mailed six times a year.

We had news of a clinic and show being planned for early July in the Peace River area. Edmonton Northlands had turned a cold shoulder to TWH classes, Judy Cameron reported. And there was a notice of meeting to form a Central Alberta TWH Association - the Yellowhead Walking Horse Association - on February 9/80.

Marie Hubbard sent news that local horse shoer, Peter Addie, was going to work with Joe Webb, Searcy, Arkansas for several weeks to learn corrective shoeing of Walkers, and Rocking Walkers Stud Farm of Innisfree was asking for advice on standing a stallion to the public.

The Dolls of Douglas, MB announced the purchase of Go Boy's Crown Royal (by Merry Go Boy x a Midnight Sun daughter). This big 12 year old black had been the 1968 World Champion weanling. They ran an ad for their new stallion in *WHN*. (Jo-Anne McDonald's photo of Go Boy's Crown Royal in his 20's - right.)

## January/February 1990 - 20 Years Ago

By January/February 1990, *Walking Horse News* had grown tremendously – it was 40 pages in all! Jo Kingsland had joined with me as Assistant Editor, as well as to do the photo ads and production. Subs cost \$10 / year, it was still mailed six times a year, and for the J/F issue we had a glossy green cover with a black & white photo in the middle of a maple leaf. The subject of the photo that month was Russ Davies and his white Walking Pony pulling a (smaller) round bale out to feed.

Some articles were The Great Montana Cattle Drive of '89 by Leonard Eliason, a good-bye tribute to Laddie's Monte Ray by Jo-Anne McDonald; lots of discussion and opinions on 'speed' of the running walk and the value (or not) of two registries. Jo Kingsland wrote an article on bits and Joyce Patterson shared her riding log with us. She had kept a record of her riding over the year to Dec. 31, 1989 and said, "So all in all, Robin and I did approximately 827 miles since March 8."

5 Stallions were advertised on the back covers. They were Go Shadow Go and Shaker's Royal Heir by Helen Williamson of Westridge Farms, Calgary; Dee Jay's Bee Bopper at Matechuks' D-Joint Ranch, Cochrane, AB; Dressed For Success at McDonald Farms, Pouce Coupe, BC; and Northfork Sky Walker by Jean Rempel, Rocky Slopes Farm, Winfield, AB. On the inside front cover were Midnight Toddy at Snowbird Stables, Strathmore, AB, and Beauty's Trail's End at Mona McMillan/Jerry Harlton's Mainwynd Stables, Spruce Grove, AB.

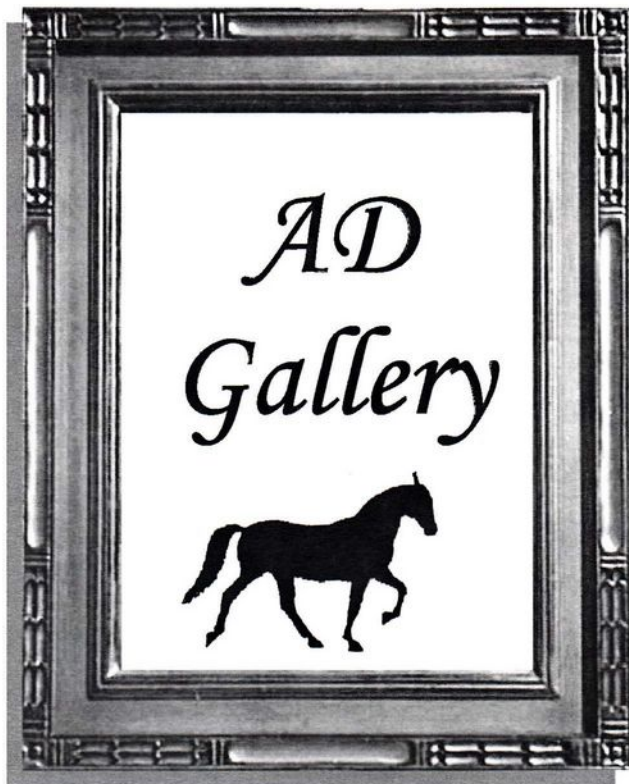

## January/February 2000 - 10 Years Ago

With the January/February issue, *Walking Horse News* had entered a new era of professionally printed, all colour covers on the front and back of the magazine. The cover photo showed Brenda Bettles of Armstrong, BC leading her mare, Shaker's Silene through a tricky, balloon strewn, trail obstacles course. On the back was a full page ad for The Aristocrat A.G., owned by Alice Green and managed by Rick Hemmett, Calgary, AB. The inside front and back were still in black and white. The inside front cover had a full page ad for Laurindale Stables' Coin's Double Play and D.P.'s Big Shiny Tunes. The inside back cover featured Shirley Wesslen & Harry Hallet's Legacy Walkers with T-Bone's Diamond Edition; Oberle's Skyline at Horse Creek with Generator's Diamond; McDonald Farms' Canadian Shaker (by Go Boy's Crown Royal, above); and R. Diamond Picasso standing at Rough Diamond Farm, Rose Prairie, BC.

There were stories from Eldon Eadie, Anita Duncan, Lori Dyberg, and Barb Fenwick. Franne Brandon had the second in her series "From the Hills of Franklin County", featuring Jimmie and Emma Gray & their famous line of 'Gray' horses, starting with the mare, Maude Gray.

**CHRYSTAL STAR RANCH**

*Do you want a colt like this? Then consider*

**ALLEN'S MIDNIGHT RASCAL**

for your next breeding. He is a proven stallion who puts an incredible walk on all his offspring. He has many offspring under saddle and all are amazing. He passes on his incredible feet, good teeth, sweet disposition. Best of all, I use my stallion, further proving his abilities. I ride him in parades, clinics, trail riding, cattle driving and have used him as a lesson horse.
